Contents

UNIT 1

Exploring Contemporary Nursing 1

1 Nursing Foundations 2

- Nursing Origins 2
- The Nightingale Reformation 3
 - The Crimean War* 3
 - Nightingale's Contributions* 4
- Nursing in the United States 4
 - US Nursing Schools* 4
 - Expanding Horizons of Practice* 4
- Contemporary Nursing 5
 - Combining Nursing Art With Science* 5
 - Integrating Nursing Theory* 6
 - Defining Nursing* 6
- The Educational Ladder 6
 - Practical/Vocational Nursing* 6
 - Registered Nursing* 9
- Future Trends 11
 - Governmental Responses* 11
 - Proactive Strategies* 11

- Unique Nursing Skills 15
 - Assessment Skills* 15
 - Caring Skills* 15
 - Counseling Skills* 15
 - Comforting Skills* 15

2 Nursing Process 17

- Definition of the Nursing Process 17
- Characteristics of the Nursing Process 18
- Steps of the Nursing Process 18
 - Assessment* 18
 - Diagnosis* 21
 - Planning* 23
 - Implementation* 25
 - Evaluation* 26
- Use of the Nursing Process 26
- Concept Mapping 26

End of Unit Exercises 29

UNIT 2

Integrating Basic Concepts 33

3 Laws and Ethics 34

- Laws 34
 - Constitutional Law* 34
 - Statutory Laws* 34
 - Administrative Laws* 35
 - Common Law* 37
 - Criminal Laws* 37
 - Civil Laws* 37
- Professional Liability 40
 - Liability Insurance* 41
 - Reducing Liability* 41
 - Malpractice Litigation* 42

- Ethics 42
 - Codes of Ethics* 42
 - Ethical Dilemmas* 42
 - Ethical Theories* 42
 - Ethical Principles* 45
 - Values and Ethical Decision Making* 46
 - Ethics Committees* 46
 - Common Ethical Issues* 46

4 Health and Illness 50

- Health 50
 - Health: A Limited Resource* 51
 - Health: A Right* 51
 - Health: A Personal Responsibility* 51
- Wellness 51
 - Holism* 51
 - Hierarchy of Human Needs* 51

- Illness 52
 - Morbidity and Mortality* 52
 - Acute, Chronic, and Terminal Illnesses* 52
 - Primary and Secondary Illnesses* 53
 - Remission and Exacerbation* 53
 - Hereditary, Congenital, and Idiopathic Illnesses* 53
- Health Care System 53
 - Primary, Secondary, and Tertiary Care* 53
 - Extended Care* 54
 - Health Care Services* 54
 - Access to Care* 54
 - Financing Health Care* 54
 - Outcomes of Structured Reimbursement* 56
- National Health Goals 56
- Nursing Team 57
 - Functional Nursing* 58
 - Case Method* 58
 - Team Nursing* 58
 - Primary Nursing* 58
 - Nurse-Managed Care* 58
- Continuity of Health Care 58

5 Homeostasis, Adaptation, and Stress 60

- Homeostasis 60
 - Holism* 60
 - Adaptation* 61

UNIT 3

Fostering Communication 93

7 The Nurse–Client Relationship 94

- Nursing Roles Within the Nurse–Client Relationship 94
 - The Nurse as Caregiver* 95
 - The Nurse as Educator* 95
 - The Nurse as Collaborator* 95
 - The Nurse as Delegator* 96
- The Therapeutic Nurse–Client Relationship 96
 - Underlying Principles* 96
 - Phases of the Nurse–Client Relationship* 96
 - Barriers to a Therapeutic Relationship* 97
- Communication 97
 - Verbal Communication* 97
 - Nonverbal Communication* 100
 - Communicating With Special Populations* 103

8 Client Teaching 105

- Importance of Client Teaching 105
- Scope and Consequences of Client Teaching 106

- Stress 64
 - Physiologic Stress Response* 65
 - Psychological Stress Responses* 67
 - Stress-Related Disorders* 67
- Nursing Implications 68
 - Assessment of Stressors* 68
 - Prevention of Stressors* 68
 - Stress-Reduction Techniques* 69
 - Stress Management Techniques* 69

6 Culture and Ethnicity 72

- Concepts Related to Culture 72
 - Culture* 72
 - Race* 73
 - Minority* 73
 - Ethnicity* 73
- Factors that Impact Perception of Individuals 73
 - Stereotyping* 73
 - Generalization* 74
 - Ethnocentrism* 74
- Culture and Subcultures in the United States 74
- Transcultural Nursing 75
 - Cultural Assessment* 75
 - Culturally Sensitive Nursing* 84

End of Unit Exercises 86

- Assessing the Learner 106
 - Learning Styles* 106
 - Age and Developmental Level* 107
 - Capacity to Learn* 108
 - Motivation* 109
 - Learning Readiness* 109
 - Learning Needs* 110
- Informal and Formal Teaching 110

9 Recording and Reporting 114

- Medical Records 114
 - Uses* 115
 - Client Access to Records* 117
 - Types of Client Records* 117
- Methods of Charting 117
 - Narrative Charting* 117
 - SOAP Charting* 117
 - Focus Charting* 119
 - PIE Charting* 119
 - Charting by Exception* 119
 - Computerized Charting* 119

Protecting Health Information	121
<i>Privacy Standards</i>	121
<i>Workplace Applications</i>	121
<i>Data Security</i>	122
Documenting Information	122
<i>Using Abbreviations</i>	122
<i>Indicating Documentation Time</i>	123

Communication for Continuity and Collaboration	124
<i>Written Forms of Communication</i>	124
<i>Interpersonal Communication</i>	126

End of Unit Exercises 131

UNIT 4

Performing Basic Client Care 139

10

Asepsis 140

Microorganisms	140
<i>Types of Microorganisms</i>	141
<i>Survival of Microorganisms</i>	142
Chain of Infection	142
<i>Infectious Agents</i>	142
<i>Reservoir</i>	143
<i>Exit Route</i>	144
<i>Means of Transmission</i>	144
<i>Portal of Entry</i>	144
<i>Susceptible Host</i>	144
Asepsis	145
<i>Medical Asepsis</i>	145
<i>Using Antimicrobial Agents</i>	145
<i>Surgical Asepsis</i>	150
Nursing Implications	153

11

Admission, Discharge, Transfer, and Referrals 168

The Admission Process	168
<i>Medical Authorization</i>	169
<i>The Admitting Department</i>	169
<i>Nursing Admission Activities</i>	169
<i>Initial Nursing Plan for Care</i>	171
<i>Medical Admission Responsibilities</i>	171
<i>Common Responses to Admission</i>	171
The Discharge Process	174
<i>Discharge Planning</i>	174
<i>Obtaining Authorization for Medical Discharge</i>	175
<i>Providing Discharge Instructions</i>	175
<i>Notifying the Business Office</i>	176
<i>Discharging a Client</i>	176
<i>Writing a Discharge Summary</i>	176
<i>Terminal Cleaning</i>	177
The Transfer Process	177
<i>Transfer Activities</i>	177
<i>Extended Care Facilities</i>	178
The Referral Process	180
<i>Considering Referrals</i>	180
<i>Home Health Care</i>	181

12

Vital Signs 187

Body Temperature	188
<i>Temperature Measurement</i>	188
<i>Normal Body Temperature</i>	188
<i>Assessment Sites</i>	191
<i>Thermometers</i>	192
<i>Elevated Body Temperature</i>	196
<i>Subnormal Body Temperature</i>	198
Pulse	200
<i>Pulse Rate</i>	200
<i>Pulse Rhythm</i>	200
<i>Pulse Volume</i>	200
<i>Assessment Sites</i>	201
Doppler Ultrasound Device	202
Respiration	202
<i>Respiratory Rate</i>	202
<i>Breathing Patterns and Abnormal Characteristics</i>	203
Blood Pressure	203
<i>Factors Affecting Blood Pressure</i>	204
<i>Pressure Measurements</i>	204
<i>Assessment Sites</i>	205
<i>Equipment for Measuring Blood Pressure</i>	205
<i>Measuring Blood Pressure</i>	207
<i>Alternative Assessment Techniques</i>	208
<i>Abnormal Blood Pressure Measurements</i>	208
Documenting Vital Signs	209
Nursing Implications	210

13

Physical Assessment 227

Overview of Physical Assessment	227
<i>Purposes</i>	227
<i>Techniques</i>	228
<i>Equipment</i>	229
<i>Environment</i>	229

Performing a Physical Assessment 229
Gathering General Data 229
Draping and Positioning 230
Selecting an Approach for Data Collection 231
Examining the Client 231
 Data Collection 231
Head and Neck 231
Chest and Spine 236
Extremities 241
 Abdomen 242
Genitalia 244
Anus and Rectum 245
 Nursing Implications 245

14 Special Examinations and Tests 249

Examinations and Test 249
General Nursing Responsibilities 250
Common Diagnostic Examinations 254
Diagnostic Laboratory Tests 259
 Nursing Implications 263

End of Unit Exercises 273

UNIT 5

Assisting With Basic Needs 283

15 Nutrition 284

Overview of Nutrition 285
Human Nutritional Needs 285
Nutritional Strategies 289
 Nutritional Patterns and Practice 291
Influences on Eating Habits 291
Vegetarianism 291
 Nutritional Status Assessment 291
Subjective Data 292
Objective Data 292
 Management of Problems Interfering With Nutrition 295
Obesity 295
Emaciation 296
Anorexia 296
Nausea 297
Vomiting 297
Stomach Gas 297
 Management of Client Nutrition 298
Common Hospital Diets 298
Meal Trays 299
Feeding Assistance 299

Common Fluid Imbalances 311
Hypovolemia 311
Hypervolemia 312
Third-Spacing 313
 Intravenous Fluid Administration 314
Types of Solutions 314
Infusion Techniques 318
Venipuncture 318
Infusion Monitoring and Maintenance 319
Discontinuation of an Intravenous Infusion 322
Insertion of an Intermittent Venous Access Device 322
 Blood Administration 323
Blood Collection and Storage 323
Blood Safety 323
Blood Compatibility 323
Blood Transfusion 323
 Parenteral Nutrition 325
Peripheral Parenteral Nutrition 325
Total Parenteral Nutrition 325
Lipid Emulsions 325
 Nursing Implications 326

16 Fluid and Chemical Balance 305

Body Fluid 305
Water 305
Fluid Compartments 306
Electrolytes 306
Blood 307
Fluid and Electrolyte Distribution Mechanisms 307
Fluid Regulation 308
 Fluid Volume Assessment 308
Fluid Intake 309
Fluid Output 311

17 Hygiene 345

The Integumentary System 345
Skin 346
Mucous Membranes 346
Hair 347
Nails 347
Teeth 347
 Hygiene Practices 347
Bathing 348
Shaving 350
Oral Hygiene 352
Hair Care 354
Nail Care 355

- Visual and Hearing Devices 355
 - Eyeglasses* 355
 - Contact Lenses* 355
 - Artificial Eyes* 357
 - Hearing Aids* 357
 - Infrared Listening Devices* 359
- Nursing Implications 359

18 Comfort, Rest, and Sleep 374

- Client Environment 374
 - Client Rooms* 374
 - Room Furnishings* 375
- Sleep and Rest 377
 - Functions of Sleep* 377
 - Sleep Phases* 378
 - Sleep Cycles* 378
 - Sleep Requirements* 378
 - Factors Affecting Sleep* 379
- Sleep Assessment 382
 - Questionnaires* 382
 - Sleep Diary* 382
 - Nocturnal Polysomnography* 382
 - Multiple Sleep Latency Test* 383
- Sleep Disorders 383
 - Insomnia* 383
 - Hypersomnia* 383
 - Sleep–Wake Cycle Disturbances* 384
 - Parasomnia* 385
- Nursing Implications 385
 - Progressive Relaxation* 387
 - Back Massage* 387

19 Safety 399

- Age-Related Safety Factors 400
 - Infants and Toddlers* 400
 - School-Aged Children and Adolescents* 400
 - Adults* 400
- Environmental Hazards 400
 - Latex Sensitization* 401
 - Burns* 402
 - Asphyxiation* 404
 - Electrical Shock* 405
 - Falls* 406
- Restraints 408
 - Legislation* 409
 - Accreditation Standards* 409
 - Restraint Alternatives* 410
 - Use of Restraints* 410
- Nursing Implications 411

20 Pain Management 417

- Pain 417
 - The Process of Pain* 418
 - Pain Theories* 419
 - Types of Pain* 419

- Pain Assessment Standards 421
- Pain Assessment Data 422
- Pain Intensity Assessment Tools 422
- Pain Management 423
 - Treatment Biases* 423
 - Pain Management Techniques* 423
 - Drug Therapy* 423
 - Surgical Approaches* 427
 - Nondrug and Nonsurgical Interventions* 427
- Nursing Implications 430
 - Addiction* 430
 - Placebos* 430

21 Oxygenation 438

- Anatomy and Physiology of Breathing 438
- Assessing Oxygenation 440
 - Physical Assessment* 440
 - Arterial Blood Gases* 440
 - Pulse Oximetry* 440
- Promoting Oxygenation 442
 - Positioning* 442
 - Breathing Techniques* 442
- Oxygen Therapy 444
 - Oxygen Sources* 444
 - Equipment Used in Oxygen Administration* 445
 - Common Delivery Devices* 447
 - Additional Delivery Devices* 452
 - Oxygen Hazards* 453
- Related Oxygenation Techniques 453
 - Water-Seal Chest Tube Drainage* 453
 - Hyperbaric Oxygen Therapy* 454
- Nursing Implications 454

22 Infection Control 467

- Infection 467
- Infection Control Precautions 468
 - Standard Precautions* 469
 - New Standard Precaution Recommendations* 469
 - Transmission-Based Precautions* 471
- Infection Control Measures 473
 - Client Environment* 473
 - Personal Protective Equipment* 474
 - Discarding Biodegradable Trash* 476
 - Removing Reusable Items* 476
 - Delivering Laboratory Specimens* 476
 - Transporting Clients* 476
- Psychological Implications 477
 - Promoting Social Interaction* 477
 - Combating Sensory Deprivation* 477
- Nursing Implications 477

End of Unit Exercises 483

UNIT 6**Assisting the Inactive Client 493****23 Body Mechanics, Positioning, and Moving 494**

- Maintaining Good Posture 495
 - Standing* 495
 - Sitting* 496
 - Lying Down* 496
- Body Mechanics 496
- Ergonomics 497
- Positioning Clients 498
 - Common Positions* 498
 - Positioning Devices* 500
 - Turning and Moving Clients* 501
- Protective Devices 503
 - Side Rails* 503
 - Mattress Overlays* 503
 - Cradle* 504
 - Specialty Beds* 504
- Transferring Clients 506
 - Transfer Handle* 506
 - Transfer Belt* 506
 - Transfer Boards* 506
- Nursing Implications 508

24 Therapeutic Exercise 519

- Fitness Assessment 519
 - Body Composition* 519
 - Vital Signs* 520
 - Fitness Tests* 520
 - Walk-a-Mile Test* 521
- Exercise Prescriptions 521
 - Target Heart Rate* 521
 - Metabolic Energy Equivalent* 522
- Types of Exercise 522
 - Fitness Exercise* 522
 - Therapeutic Exercise* 523
- Nursing Implications 525

25 Mechanical Immobilization 537

- Purposes of Mechanical Immobilization 537
- Mechanical Immobilizing Devices 538
 - Splints* 538
 - Slings* 540
 - Braces* 541
 - Casts* 541
 - Traction* 543
 - External Fixators* 544
- Nursing Implications 546

26 Ambulatory Aids 560

- Preparing for Ambulation 561
 - Isometric Exercises* 561
 - Upper Arm Strengthening* 561
 - Dangling* 561
 - Using a Tilt Table* 561
- Assistive Devices 562
- Ambulatory Aids 563
 - Canes* 563
 - Walkers* 565
 - Crutches* 565
 - Crutch-Walking Gaits* 566
- Prosthetic Limbs 566
 - Temporary Prosthetic Limb* 566
 - Permanent Prosthetic Components* 566
 - Client Care* 568
 - Ambulation With a Lower Limb Prosthesis* 568
- Nursing Implications 568

End of Unit Exercises 580**UNIT 7****The Surgical Client 587****27 Perioperative Care 588**

- Preoperative Period 589
 - Inpatient Surgery* 589
 - Outpatient Surgery* 589
 - Informed Consent* 590
 - Preoperative Blood Donation* 591
 - Immediate Preoperative Care* 592

- Intraoperative Period 598
 - Receiving Room* 598
 - Operating Room* 598
 - Surgical Waiting Area* 599
- Postoperative Period 599
 - Immediate Postoperative Care* 599
 - Continuing Postoperative Care* 600
- Nursing Implications 603

28

Wound Care 610

- Wounds 610
- Wound Repair 611
 - Inflammation 611*
 - Proliferation 611*
 - Remodeling 612*
- Wound Healing 612
- Wound-Healing Complications 613
- Wound Management 614
 - Dressings 614*
 - Drains 615*
 - Sutures and Staples 616*
 - Bandages and Binders 616*
 - Debridement 617*
 - Heat and Cold Applications 620*
- Pressure Ulcers 622
 - Stages of Pressure Ulcers 622*
 - Prevention of Pressure Ulcers 624*
- Nursing Implications 625

29

Gastrointestinal Intubation 635

- Intubation 635
- Types of Tubes 636
 - Orogastric Tubes 636*
 - Nasogastric Tubes 636*
 - Nasointestinal Tubes 637*
 - Transabdominal Tubes 638*

- Nasogastric Tube Management 639
 - Insertion 639*
 - Use and Maintenance 640*
 - Removal 642*
- Nasointestinal Tube Management 642
 - Insertion 642*
 - Checking Tube Placement 643*
- Transabdominal Tube Management 643
- Tube Feedings 643
 - Benefits and Risks 643*
 - Formula Considerations 644*
 - Tube-Feeding Schedules 645*
 - Client Assessment 646*
 - Nursing Management 647*
- Intestinal Decompression 649
 - Tube Insertion 649*
 - Removal 649*
- Nursing Implications 650

End of Unit Exercises 667**UNIT 8****Promoting Elimination 673**

30

Urinary Elimination 674

- Overview of Urinary Elimination 674
- Characteristics of Urine 675
- Factors Affecting Urinary Elimination 675
 - Urine Specimen Collection 675*
 - Abnormal Urine Characteristics 676*
- Abnormal Urinary Elimination Patterns 676
 - Anuria 677*
 - Oliguria 677*
 - Polyuria 677*
 - Nocturia 677*
 - Dysuria 677*
 - Incontinence 677*
- Assisting Clients With
 - Urinary Elimination 678
 - Commode 678*
 - Urinal 678*
 - Using a Bedpan 678*
- Managing Incontinence 678

- Catheterization 680
 - Types of Catheters 680*
 - Inserting a Catheter 682*
 - Connecting a Closed Drainage System 682*
 - Providing Catheter Care 683*
 - Catheter Irrigation 684*
 - Indwelling Catheter Removal 684*
- Urinary Diversions 685
- Nursing Implications 685

31

Bowel Elimination 705

- Defecation 705
- Assessment of Bowel Elimination 706
 - Elimination Patterns 706*
 - Stool Characteristics 706*

- Common Alterations in Bowel Elimination 707
 - Constipation* 707
 - Fecal Impaction* 708
 - Flatulence* 708
 - Diarrhea* 708
 - Fecal Incontinence* 709
- Measures to Promote
 - Bowel Elimination 709
 - Inserting a Rectal Suppository* 710
 - Administering an Enema* 710

- Ostomy Care 712
 - Providing Peristomal Care* 712
 - Applying an Ostomy Appliance* 713
 - Draining a Continent Ileostomy* 713
 - Irrigating a Colostomy* 713
- Nursing Implications 714

End of Unit Exercises 729

UNIT 9

Medication Administration 735

32 Oral Medications 736

- Medication Orders 736
 - Components of a Medication Order* 737
 - Verbal and Telephone Orders* 738
 - Documentation in the Medication Administration Record* 739
- Methods of Supplying Medications 739
 - Storing Medications* 739
 - Accounting for Narcotics* 739
- Medication Administration 739
 - Applying the Five Rights* 740
 - Calculating Dosages* 741
 - Administering Oral Medications* 741
 - Administering Oral Medications by Enteral Tube* 743
 - Documentation* 743
 - Medication Errors* 744
- Nursing Implications 744

33 Topical and Inhalant Medications 751

- Topical Route 751
 - Cutaneous Applications* 751
 - Ophthalmic Applications* 753
 - Otic Applications* 754
 - Nasal Applications* 755
 - Sublingual and Buccal Applications* 755
 - Vaginal Applications* 755
 - Rectal Applications* 755
- Inhalant Route 755
- Nursing Implications 757

34 Parenteral Medications 762

- Parenteral Administration Equipment 762
 - Syringes* 763
 - Needles* 763
 - Modified Safety Injection Equipment* 763
- Drug Preparation 764
 - Ampules* 764
 - Vials* 764
 - Prefilled Cartridges* 765
 - Combining Medications in One Syringe* 765
- Injection Routes 766
 - Intradermal Injections* 766
 - Subcutaneous Injections* 767
 - Intramuscular Injections* 770
- Reducing Injection Discomfort 774
- Nursing Implications 774

35 Intravenous Medications 783

- Intravenous Medication Administration 784
 - Continuous Administration* 784
 - Intermittent Administration* 784
- Central Venous Catheters 787
 - Nontunneled Percutaneous Catheters* 788
 - Tunneled Catheters* 788
 - Implanted Catheters* 789
 - Medication Administration Using a Central Venous Catheter* 789
- Nursing Implications 790

End of Unit Exercises 801

UNIT 10**Intervening in Emergency Situations 809****36 Airway Management 810**

- The Airway 811
- Natural Airway Management 811
 - Liquefying Secretions 811*
 - Mobilizing Secretions 812*
 - Suctioning Secretions 813*
- Artificial Airway Management 814
 - Oral Airway 814*
 - Tracheostomy 814*
- Nursing Implications 816

37 Resuscitation 825

- Airway Obstruction 825
 - Identifying Signs of Airway Obstruction 826*
 - Relieving an Obstruction 826*

- Chain of Survival 827
 - Early Recognition and Access of Emergency Services 828*
 - Early Cardiopulmonary Resuscitation 828*
 - Early Defibrillation 830*
 - Early Advanced Life Support 832*
- Recovery 832
- Discontinuing Resuscitation 832
- Nursing Implications 832

End of Unit Exercises 835**UNIT 11****Caring for the Terminally Ill 841****38 End-of-Life Care 842**

- Terminal Illness and Care 842
 - Stages of Dying 843*
 - Promoting Acceptance 843*
 - Providing Terminal Care 846*
 - Family Involvement 847*
 - Approaching Death 847*
 - Confirming Death 849*
 - Performing Postmortem Care 851*

- Grieving 851
 - Pathologic Grief 851*
 - Resolution of Grief 851*
- Nursing Implications 851

End of Unit Exercises 856**References and Suggested Readings 861****APPENDIX A**

Chapter Summaries 875

APPENDIX B

Commonly Used Abbreviations and Acronyms 887

Glossary of Key Terms 889

Index 905
