CONTENTS

UNIT 1 ESSENTIAL THEORETICAL CONCEPTS FOR PRACTICE

- 1 Practicing the Science and the Art of Psychiatric Nursing, 2
Elizabeth M. Varcarolis
 - The Science of Nursing: Finding the Evidence for the Practice, 3
 - The Research-Practice Gap, 6*
 - The Art of Nursing: Developing the Skills for the Practice, 6
 - Caring, 6*
 - Attending, 8*
 - Patient Advocacy, 8*
- 2 Mental Health and Mental Illness, 11
Elizabeth M. Varcarolis
 - The Diagnostic and Statistical Manual of Mental Disorders, DSM-5, 13
 - Concepts of Mental Health and Illness, 14
 - Epidemiology and Prevalence of Mental Disorders, 15
 - Mental Illness and Policy Issues, 15
 - Medical Diagnosis and Nursing Diagnosis of Mental Illness, 17
 - Medical Diagnoses and the DSM-5, 17*
 - Psychiatry and Spirituality, 18
 - Nursing Diagnoses and NANDA International, 19*
 - Introduction to Culture and Mental Illness, 19
- 3 Theories and Therapies, 24
Margaret Jordan Halter
 - Prominent Theories and Therapeutic Models, 25
 - Psychoanalytic Theory, 25*
 - Interpersonal Theory, 26*
 - Behavioral Theories, 26*
 - Humanistic Theory, 30*
 - Rogers' Person-Centered Theory, 30*
 - Cognitive Theory, 31*
 - A Note on How Psychotherapy Changes the Brain, 32*
 - Mental Health Recovery Model, 33*
 - The Recovery Model in Psychiatric Nursing, 33*

- Other Major Theories, 33
 - Cognitive Development, 33*
 - Theory of Psychosocial Development, 34*
 - Theory of Object Relations, 34*
 - Theories of Moral Development, 34*
 - Ethics of Care Theory, 35*
- Models, Theories, and Therapies in Current Practice, 35
 - Biological Model, 35*
 - Nursing Models, 36*
 - Interpersonal Relations in Nursing, 37*
 - Influence of Theories and Therapies on Nursing Care, 37*
 - Therapies for Specific Populations, 38*
- 4 Biological Basis for Understanding Psychopharmacology, 45
Dorothy A. Varchol
 - Brain Structures and Functions, 46
 - Cerebrum, 46*
 - Subcortical Structures, 47*
 - Brainstem, 48*
 - Cerebellum, 49*
 - Thalamus, 49*
 - Hypothalamus, 49*
 - Visualizing the Brain, 49*
 - Cellular Composition of the Brain, 49
 - Neurons, 49*
 - Synaptic Transmission, 50*
 - Neurotransmitters, 50*
 - Interaction of Neurons, Neurotransmitters, and Receptors, 51*
 - Psychotropic Drugs and Interactions, 56
 - Antidepressant Drugs, 57
 - Monoamine Oxidase Inhibitors (MAOIs), 57*
 - Tricyclic Antidepressants (TCAs), 58*
 - Selective Serotonin Reuptake Inhibitors (SSRIs), 58*
 - Serotonin-Norepinephrine Reuptake Inhibitors (SNRIs), 59*
 - Serotonin-Norepinephrine Disinhibitors (SNDIs), 59*
 - Other Antidepressants, 59
 - Norepinephrine-Dopamine Reuptake Inhibitors (NDRIs), 59*
 - Treating Anxiety Disorders With Antidepressants, 59

- Antianxiety or Anxiolytic Drugs, 59
 - Benzodiazepines*, 59
 - Non-Benzodiazepines*, 60
 - Mood Stabilizers, 60
 - Lithium*, 60
 - Anticonvulsant Mood Stabilizers*, 60
 - Other Agents*, 60
 - Antipsychotic Drugs, 61
 - The First-Generation Agents (FGA)/Conventional Antipsychotic Agents*, 61
 - The Second-Generation (SGA) or Atypical Antipsychotic Agents*, 62
 - Psychoneuroimmunology (PNI)*, 63
 - Considering Culture, 64
 - 5 Settings for Psychiatric Care, 67
 - Margaret Jordan Halter*
 - Background, 68
 - Outpatient Care Settings, 69
 - Role of Nurses in Outpatient Care Settings*, 70
 - Inpatient Care Settings, 71
 - State Acute Care System*, 73
 - General Hospital Psychiatric Units and Private Psychiatric Hospital Acute Care*, 74
 - Role of Psychiatric Nurses in Inpatient Care Settings*, 74
 - Special Treatment Settings, 74
 - Pediatric Psychiatric Care*, 74
 - Geriatric Psychiatric Care*, 74
 - Veterans Administration Centers*, 74
 - Forensic Psychiatric Care*, 75
 - Alcohol and Drug Abuse Treatment*, 75
 - Self-Help Options*, 75
 - Paying for Mental Health Care, 75
 - A Vision for Mental Health Care in America, 76
 - 6 Legal and Ethical Basis for Practice, 79
 - Penny Simpson Brooke*
 - Legal and Ethical Concepts, 80
 - Mental Health Laws, 80
 - Civil Rights*, 81
 - Admission and Discharge Procedures, 81
 - Due Process in Civil Commitment*, 81
 - Admission to the Hospital*, 81
 - Discharge from the Hospital*, 82
 - Patients' Rights Under the Law, 82
 - Right to Treatment*, 82
 - Right to Refuse Treatment*, 83
 - Right to Informed Consent*, 83
 - Rights Surrounding Involuntary Commitment and Psychiatric Advance Directives*, 84
 - Rights Regarding Restraint and Seclusion*, 84
 - Maintenance of Patient Confidentiality, 85
 - Ethical Considerations*, 85
 - Legal Considerations*, 85
 - Tort Law Applied to Psychiatric Settings, 87
 - Common Liability Issues*, 87
 - Violence*, 87
 - Negligence/Malpractice*, 89
 - Determination of a Standard of Care, 89
 - Guidelines for Nurses Who Suspect Negligence*, 90
 - Duty to Intervene and Duty to Report*, 90
 - Unethical or Illegal Practices*, 90
 - Documentation of Care, 91
 - Purpose of Medical Records*, 91
 - Facility Use of Medical Records*, 91
 - Medical Records as Evidence*, 91
 - Nursing Guidelines for Computerized Charting*, 91
 - Forensic Nursing, 92
- ## UNIT 2 TOOLS FOR PRACTICE OF THE ART
- 7 Nursing Process and QSEN: The Foundation for Safe and Effective Care, 96
 - Elizabeth M. Varcarolis*
 - Standard 1: Assessment, 97
 - Age Considerations*, 99
 - Language Barriers*, 100
 - Psychiatric Nursing Assessment*, 100
 - Using Rating Scales*, 104
 - Standard 2: Diagnosis, 104
 - Formulating a Nursing Diagnosis*, 104
 - Standard 3: Outcomes Identification, 106
 - Determining Outcomes*, 106
 - Standard 4: Planning, 106
 - Interventions Planning*, 108
 - Standard 5: Implementation, 109
 - Basic Level and Advanced Practice Interventions*, 109
 - Advanced Practice Interventions Only*, 109
 - Standard 6: Evaluation, 110
 - Documentation*, 110
 - Documentation of "Noncompliance"*, 110
 - Systems of Charting*, 110

8 Communication Skills: Medium for All Nursing Practice, 116

Elizabeth M. Varcarolis

Communication, 117

The Communication Process, 117

Factors That Affect Communication, 119

Verbal Communication, 119

Nonverbal Communication, 119

Interaction of Verbal and Nonverbal Communication, 119

Effective Communication Skills for Nurses, 121

Use of Silence, 121

Active Listening, 121

Clarifying Techniques, 122

Nontherapeutic Techniques, 123

Asking Excessive Questions, 123

Giving Approval or Disapproval, 123

Advising, 127

Asking "Why" Questions, 127

Cultural Considerations: Negotiating Barriers, 127

Communication Styles, 128

Eye Contact, 128

Touch, 129

Cultural Filters, 129

Telehealth Through Information

Communication Technologies (ICTs), 129

Evaluation of Clinical Skills, 131

9 Therapeutic Relationships and the Clinical Interview, 135

Elizabeth M. Varcarolis

Nurse-Patient Relationships, 136

Therapeutic Versus Other Types of Relationships, 136

Establishing Relationship Boundaries, 138

Values, Beliefs, and Self-Awareness, 139

Phases of the Nurse-Patient Relationship, 140

What Hinders and What Helps, 145

Factors That Enhance Growth, 146

The Clinical Interview, 147

Preparing for the Interview, 147

Introductions, 148

Initiating the Interview, 148

Tactics to Avoid, 148

Helpful Guidelines, 149

Attending Behaviors: The Foundation of Interviewing, 149

Clinical Supervision and Process Recordings, 150

UNIT 3 CARING FOR PATIENTS WITH PSYCHOBIOLOGICAL DISORDERS

10 Stress and Stress-Related Disorders, 155

Elizabeth M. Varcarolis

Physiological and Psychological Responses to Stress, 156

The Autonomic Nervous System—

Fight-or-Flight Response, 156

Stress Reduction Techniques, 157

Stress-Related Disorders, 157

Posttraumatic Stress Disorder, 157

Goals of Treatment, 160

Psychotherapeutic Treatment Strategies, 160

Psychopharmacology, 160

Acute Stress Disorder, 160

Critical Incident Debriefing, 162

Self-Care for Nurses, 162

11 Anxiety, Anxiety Disorders, and Obsessive-Compulsive Disorders, 165

Elizabeth M. Varcarolis

Anxiety, 166

Levels of Anxiety, 166

Mild Anxiety, 167

Moderate Anxiety, 167

Severe Anxiety, 168

Panic Level of Anxiety, 168

Interventions, 168

Mild to Moderate Levels of Anxiety, 168

Severe to Panic Levels of Anxiety, 168

Defense Mechanisms, 168

Healthy Defenses, 170

Intermediate Defenses, 171

Immature Defenses, 171

Anxiety Disorders, 172

Prevalence and Comorbidity, 174

Theory, 174

Neurobiology, 174

Cognitive Behavioral Therapy, 175

Cultural Considerations, 175

Clinical Picture, 175

Panic Disorders, 175

Phobias, 176

Generalized Anxiety Disorder, 177

Anxiety Due to other Medical Conditions, 177

Obsessive-Compulsive Disorder (OCD), 178

Body Dysmorphic Disorder, 179

Hoarding, 179

APPLICATION OF THE NURSING PROCESS, 179

- Assessment, 179
 - Symptoms of Anxiety, 179*
 - Defenses Used in Anxiety Disorders, 180*
- Diagnosis, 180
- Outcomes Identification, 180
- Planning, 180
 - Self-Care for Nurses, 180*
- Implementation, 181
 - Communication Guidelines, 181*
 - Health Teaching and Health Promotion, 183*
 - Milieu Therapy, 183*
 - Psychotherapy, 183*
 - Pharmacological, Biological, and Complementary and Alternative Therapies, 185*
 - Other Classes of Medication, 187*
 - Complementary and Alternative Medicine (CAM), 187*
- Evaluation, 189

12 Somatic Symptom Disorders and Related Disorders, 192

- Elizabeth M. Varcacolis*
- Somatic Symptom Disorder and Related Disorders, 193

SOMATIC SYMPTOM DISORDERS, 193

- Prevalence and Comorbidity, 193
- Theory, 194
 - Genetic and Familial Factors, 194*
 - Learning and Sociocultural Factors, 194*
 - Psychological Theory, 194*
 - Interpersonal Model, 194*
- Cultural Considerations, 194
- Making a Diagnosis, 194
 - Factitious Disorder, 195*
 - Malingering, 195*
- Clinical Picture, 195
 - Somatic Symptom Disorders, 195*
 - Conversion Disorders, 196*
 - Body Dysmorphic Disorder, 196*
 - Pseudocyesis, 197*
- Nursing Process: Somatic Symptoms and Related Disorders, 197

APPLICATION OF THE NURSING PROCESS, 197

- Assessment, 197
 - Symptoms and Unmet Needs, 197*
 - Voluntary Control of Symptoms, 197*
 - Secondary Gains, 197*

- Cognitive Style, 197*
- Ability to Communicate Feelings and Emotional Needs, 197*
- Dependence on Medication, 198*
- Diagnosis, 198
- Outcomes Identification, 199
- Planning, 199
- Implementation, 199
 - Communication Guidelines, 199*
 - Health Teaching and Health Promotion, 199*
 - Case Management, 199*
 - Pharmacological Therapies, 200*
- Evaluation, 200

DISSOCIATIVE DISORDERS, 200

- Prevalence and Comorbidity, 201
- Theory, 202
 - Biological Factors, 202*
 - Genetic Factors, 202*
 - Psychosocial Factors, 202*
- Cultural Considerations, 202
- Clinical Picture, 202
 - Depersonalization/Derealization Disorder, 202*
 - Dissociative Amnesia, 203*
 - Dissociative Amnesia with Fugue, 203*
 - Dissociative Identity Disorder, 203*

APPLICATION OF THE NURSING PROCESS, 204

- Assessment, 204
 - Medical Workup, 204*
 - Identity and Memory, 204*
 - Patient History, 204*
 - Mood, 204*
 - Use of Alcohol and Other Drugs, 204*
 - Effect on Patient and Family, 204*
 - Suicide Risk, 205*
- Diagnosis, 205
- Outcomes Identification, 206
- Planning, 206
- Implementation, 206
 - Communication Guidelines, 206*
 - Health Teaching and Health Promotion, 206*
 - Milieu Therapy, 206*
 - Pharmacological, Biological, and Integrative Therapies, 211*
- Evaluation, 211

13 Personality Disorders, 213

- Elizabeth M. Varcacolis*
- Prevalence and Comorbidity, 214
 - Comorbid/Co-occurring Disorders, 215*

Theory, 215

*Genetic Factors, 215**Neurobiological Factors, 215**Psychological Influences, 215**Cultural Considerations, 215*

Clinical Picture, 215

*Cluster A Disorders, 216**Schizotypal Personality Disorder, 216**Paranoid Personality Disorder, 216**Schizoid Personality, 216*

Cluster B Personality Disorders, 217

*Antisocial Personality Disorder, 217**Borderline Personality Disorder
(BPD), 217**Narcissistic Personality Disorder, 219**Histrionic Personality Disorder Traits, 219*

Cluster C Personality Disorders, 220

*Avoidant Personality Disorder, 220**Obsessive-Compulsive Personality
Disorder, 220**Dependent Personality Disorder, 220*

A Potential Future Personality Disorder, 221

*Passive-Aggressive Traits, 221***APPLICATION OF THE NURSING****PROCESS, 221**

Assessment, 221

*Primitive Defenses, 221**Assessment Tools, 222**Self-Care for Nurses, 222*

Diagnosis, 223

Outcomes Identification, 223

Planning, 224

Implementation, 224

*Communication Guidelines, 224**Milieu Therapy, 224**Psychotherapy, 224**Pharmacological, Biological, and
Integrative Therapies, 228*

Evaluation, 228

14 Eating Disorders, 231*Kathleen Ibrahim*

Prevalence and Comorbidity, 232

Theory, 232

*Neurobiological and Neuroendocrine
Models, 232**Genetic Models, 232**Psychological Models, 233*

Cultural Considerations, 233

Self-Care for Nurses, 233

Clinical Picture, 233

APPLICATION OF THE NURSING**PROCESS: ANOREXIA NERVOSA, 235**

Assessment, 235

Diagnosis, 236

Outcomes Identification, 236

Planning, 236

Implementation, 236

*Acute Care, 236**Communication Guidelines, 236**Health Teaching and Health Promotion, 237**Milieu Therapy, 237**Psychotherapy, 239**Pharmacological, Biological, and
Integrative Therapies, 240**Long-Term Treatment, 240*

Evaluation, 240

APPLICATION OF THE NURSING**PROCESS: BULIMIA NERVOSA, 240**

Assessment, 240

Diagnosis, 241

Outcomes Identification, 241

Planning, 241

Implementation, 241
