Part 1

Assessment and screening 1

1	Assessment of the child	2
2	SBAR framework	4
3	The nursing process	6
4	Nursing models	8
5	The care plan	10
6	Record keeping	12
7	Engagement and participation of children and young people	14
8	Observation of the well child	16
9	Observation of the sick child	17
10	Septic screening	19
11	Advanced physical assessment	20
12	Developmental assessment	22
13	Paediatric Early Warning Score	24
14	Paediatric critical care	26
15	Understanding investigations	28
16	Understanding blood gas analysis	30
17	Understanding blood chemistry	32
18	Understanding pathology specimen collection	34
19	Understanding X-rays	36
20	Pulse oximetry	38
21	Central venous devices	40
22	Tracheostomy care	42
23	Infant resuscitation	44
24	Young person resuscitation	46
25	Resuscitation drugs	48
26	Emergency care	50

Part 2

Working with families 53

27	Partnership	54
28	Family centred care	56
29	Family health promotion	58
30	Communicating with children	60
31	Hospital play	62
32	Role of the community children's nurse	64
33	Collaboration with schools	66
34	Family information leaflets	68
35	Safeguarding	70

- 36 Fabricated or induced illness 72
- 37 Gaining consent or assent 73
- 38 Clinical holding 74
- 39 Breaking bad or significant news 76
- 40 Care of the dying child 78
- 41 Dealing with aggression 80
- 42 Minimizing the effects of hospitalization 82
- 43 Transition 84

Part 3

The newborn infant 87

- 44 Fetal development 88
- 45 Neonatal examination 90
- 46 Neonatal screening tests 92
- 47 The premature baby 94
- 48 Neonatal transport 96
- 49 Jaundice and hyperbilirubinaemia 98
- 50 Congenital heart disease 100
- 51 Neonatal resuscitation 102
- 52 Incubator/Babytherm care 104
- 53 Sudden infant death syndrome 106

Part 4

The developing child 109

- 54 Nutrition in childhood 110
- 55 Breastfeeding 112
- 56 Bottle feeding 114
- 57 Feed calculations 116
- 58 Percentile charts 118
- 59 Child development: 0–5 years 120
- 60 Child development: 5–16 years 122
- 61 Age-appropriate behaviours 124
- 62 Common behavioural problems of childhood 126
- 63 Adolescent development 128
- 64 Child health promotion 130
- 65 Immunity and immunization 132
- 66 Childhood immunizations 134

Part 5

Child health policy 137

- 67 Child health policy 138
- 68 The rights of children in hospital 140
- 69 The NHS Change Model 142
- 70 Young person policy 144
- 71 Child disability policy 146

Part 6

Nursing the sick child and young person 149

- 72 Pain assessment 150
- 73 Pain management 152
- 74 Preoperative preparation 154
- 75 Postoperative care 156
- 76 Pressure area care 158
- 77 Managing fluid balance 160
- 78 Administering medication 162
- 79 Drug calculations 164
- 80 Enteral and nasogastric feeding 166
- 81 The feverish child 168
- 82 Infectious childhood diseases 170
- 83 Assessing infectious diseases 172

- 84 Prevention of infection 174
- 85 Hyponatraemia and its prevention 176
- 86 Thermal injuries 178
- 87 Childhood fractures 180
- 88 Plaster care 182
- 89 Traction care 184
- 90 Neurovascular observations 186
- 91 Neurological problems 188
- 92 Brain injury and coma 190
- 93 Seizures 192
- 94 Meningitis 194
- 95 Septicaemia 196
- 96 Respiratory problems 198
- 97 Asthma 200
- 98 CPAP and BiPAP 202
- 99 Cardiovascular assessment and shock 204
- 100 Inflammatory bowel disease 206
- 101 Gastro-oesophageal reflux 208
- 102 Coeliac disease 210
- 103 Appendicitis 212
- 104 Constipation 214
- 105 Renal problems 216
- 106 Haematological problems 218
- 107 Musculoskeletal problems 220
- 108 Reproductive and sexual problems 222
- 109 Skin conditions 224
- 110 Atopic eczema 226

Part 7

Chronic and life-limiting conditions 229

- 111 Living with chronic illness 230
- 112 Cystic fibrosis management 232
- 113 Juvenile idiopathic arthritis 234
- 114 Epilepsy 236
- 115 Childhood cancer 238
- 116 Cleft lip and palate 240
- 117 Diabetes 242
- 118 Diabetes management 244
- 119 Childhood obesity 246
- 120 Eating disorders 248
- 121 Mental health problems 250
- 122 Self-harm in childhood 252
- 123 What is a learning disability? 254
- 124 Autistic spectrum disorder 256
- 125 Communicating with the child who has a learning disability 258
- 126 Positive behavioural support 260
- 127 Atrioventricular septal defect in children with learning disability 262
- 128 Genetic conditions: Down's syndrome 264
- 129 Other genetic conditions 266
