CONTENTS

Foreword	ix
Preface	xi
Introduction	xiii

Part 1 INTRODUCTION TO NURSING HOME LIFE AND ALTERNATIVES 1

1. Long-Term Care Needs in an Aging World	3
Terminology	3
Social Determinants of Independence in Later Life	5
Home Visiting	5
Aging in Place	6
International Nursing Home Development and Research Agenda IAGG-WHO	10
Key Points	11
2. The Nursing Home Movement	13
Diversity of Nursing Homes and Long-Term Care Around the World	15
Nursing Home Design	16
Designing Nursing Homes for People with Dementia	19
A Sense of Place	19
Key Points	20
3. Nursing Home Experience	23
My Experience of Nursing Homes: Voice of the Resident	23
Our Experience of Nursing Homes: Voices of Family and Friends	24
Working in a Nursing Home	26
Key Points	27
4. Advancing Nursing Home Practice Through Culture Change	29
Challenges to Providing Quality Care	29
Approaches to Advancing Practice	29
Culture Change and Quality of Care	30
Key Points	32

Part 2 FUNDAMENTALS OF NURSING HOME PRACTICE 35

5. Principles of Nursing	
Home Practice	37
Values-Based Care	37
Person-Centered Care	37
Truth Telling	38
Protecting the Vulnerable	39
Acts of Neglect	39
Signs of Physical Abuse	40
Signs of Psychological Abuse	40
Financial Abuse	40
Sexual Abuse	40
Meaningful Activities	40
Medication and Polypharmacy Risks	41
Preventing and Managing Falls	44
Restraints	45
Accident Prevention	45
Fire Prevention and Management	46
Disaster Preparedness	47
Key Points	48
6. Models of Care Delivery	55
Models of Care	55
Person-Centered Care	55
Transitional Care	56
Intermediate and Subacute Care	57
Improving Function	59
End-of-Life and Hospice Care	59
Assisted Living	60
Eden Alternative	61
Multisensory Environment (Snoezelen Room)	61
Technology and Care	62
Key Points	64
7. Multi-Professional Teams: Working Together	69
Collaborative Care	69
The Contributions of Physicians and Nurses	70
The Nursing Contribution	70
Working in Partnership with Older People	70

Self-Managed Teams	72	Neuropathic Pain	116
Understanding Teams	72	Low Back Pain	117
Skill Mix	73	Key Points	118
Key Points	74		
8. Nursing Home Leadership	75	12. Low Mood, Anxiety, and Depression	121
Leadership Approaches	76	Depression	121
Democratic Leadership and		Management of Depression	122
Participative Styles	77	Anxiety	124
Chairing Meetings	77	Psychotic Disorders	124
Inspiring Colleagues	77	Key Points	126
Preparing for Change	78		
Quality Improvement	78	13. Confusion, Agitation, and	
The Role of the Administrator		Other Behavioral Disturbances	129
(Care Manager)	80	Delirium	129
International Examples of		Dementia	131
Nursing Home Leadership Roles	81	Behavioral Disturbances	136
Director of Nursing	81	Sundowning: Twilight Agitation	138
The Role of the Medical Director	82	Screaming	138
Nursing Home Leadership in the		Approach to Management	
United Kingdom	83	of Behavioral Problems	138
Key Points	84	Key Points	139
9. Admission to a Nursing Home	87	14. Eating and Drinking	143
Preparing for Admission: Older Person		Nutritional Screening and Assessment	143
and Family Perspectives	87	Nutritional Assessment	143
Adjustment to a Nursing Home	88	Anorexia and Weight Loss	144
Settling In	90	Managing Weight Loss	146
The Initial Assessment:		Sarcopenia	148
Preadmission or Admission	91	Cachexia	148
Minimum Data Sets	93	Therapeutic Diets	149
Assessment of Clinical Need		Dysphagia and Feeding Tubes	150
and Medications	94	Dehydration	152
Functional Rehabilitation	96	Vitamin D and Other Vitamins	
Key Points	98	and Minerals	153
		Key Points	154
10. Education and Research	101	15. Sexuality within the Nursing Home	157
Research	101	Key Points	160
Quality Improvement Projects			
versus Human Research	104	16. Incontinence	161
Service User Involvement		Urinary Incontinence	161
in Nursing Home Research	105	Fecal Incontinence	167
Education	105	Future Continence Technologies	167
Key Points	108	Key Points	168
		17. Bowel Changes	171
		Managing Constipation	171
		Understanding and	
		Managing Fecal Incontinence	172
		Diarrhea	173
		Hemorrhoids	173
		Key Points	174
Part 3 MANAGING AGE-RELATED SYNDROMES			
AND CHANGES	111		
11. Aches and Pains: Managing Pain			
in the Nursing Home	113		
Pain Assessment	113		
Pain Management	113		

18. Mobility and Falls Prevention 177
- Gait Disturbances 177
 - Falls 177
 - Hip Fractures 179
 - Key Points 181
19. Sleep Disturbance 183
- Insomnia 183
 - Nocturia 184
 - Sleep Apnea 185
 - Restless Legs Syndrome 186
 - Parasomnias 186
 - Nightmares 186
 - Key Points 187
20. Skin Disorders and Pressure Ulcers 189
- Skin Disorders 189
 - Skin Tears 189
 - Skin Cancer 190
 - Pressure Ulcers 193
 - Foot Ulcers in Diabetes 196
 - Vascular Ulcers 197
 - Ostomy Care 197
 - Key Points 198
21. Oral Health 201
- Dental Caries and Tooth Loss 202
 - Gum Disease 203
 - Chewing and Swallowing 203
 - Xerostomia-Dry Mouth 203
 - Oral Lesions 205
 - Other Superficial Lesions 206
 - Oral Hygiene 206
 - Key Points 208
22. Communication Challenges: Vision, Hearing, and Speech 211
- Age-Related Eye Changes 213
 - Hearing and Listening 217
 - Key Points 223
- Part 4 DISEASE MANAGEMENT 225**
23. Hypertension, Hypotension, and Heart Failure 227
- Hypertension 227
 - Heart Failure 228
 - Atrial Fibrillation 229
 - Key Points 231
24. Neurologic Disorders 233
- Stroke 233
 - Parkinson Disease 233
 - Multiple Sclerosis 236
 - Epilepsy 236
 - Huntington Disease 237
 - Tremors 237
 - Key Points 237
25. Musculoskeletal Disorders 245
- Osteoarthritis 245
 - Rheumatoid Arthritis 245
 - Pseudogout (Chondrocalcinosis) 246
 - Contractures 247
 - Gout 247
 - Polymyalgia Rheumatica 247
 - Key Points 248
26. Infections and Their Control 251
- Pneumonia 251
 - Tuberculosis 252
 - Urinary Tract Infections 253
 - Cellulitis 255
 - Scabies 255
 - Shingles 255
 - Osteomyelitis 256
 - Methicillin-Resistant *Staphylococcus Aureus* 257
 - Vancomycin-Resistant Enterococci 257
 - Candidiasis 257
 - Conjunctivitis (Pink Eye) 257
 - Infection Control 258
 - Vaccinations 260
 - Key Points 261
27. Anemia 265
- Causes of Anemia 265
 - Diagnosis of Anemia 265
 - Management of Anemia 267
 - Key Points 268
28. Endocrine Disorders 269
- Thyroid Disorders 269
 - Diabetes Mellitus 270
 - Management 271
 - Hyponatremia 273
 - Addison's Disease (Hypoadrenalism) 273
 - Key Points 274

29. Gastrointestinal Disorders	277	31. Oncology	287
Gastrointestinal Diseases	277	Chronic Lymphocytic Leukemia	287
Gastroesophageal Reflux Disease	277	Key Points	288
Gastrointestinal Bleeding	277	Appendix: Multiple Choice	
Abdominal Pain	277	Questions Answers.....	291
Elevated Transaminase		Index	301
Levels and Hepatitis	277	Color insert appears between pages 208 and 209.	
Key Points	279		
30. Pulmonary Disorders	281		
Chronic Obstructive Pulmonary Disease	281		
Pulmonary Embolism	282		
Key Points	284
