Contents

UNIT 1	Caring for Children	1
1	Principles of Family-Centered Care	3
2	Growth and Development Milestones	6
3	Health Assessment of the Child	16
4	Palliative Care	24
5	Principles of Fluid and Nutritional Management	33
6	Principles of Pharmacologic Management	43
7	Principles of Pain Management	52
UNIT 2	Pediatric Guidelines and Procedures	69
8	Abdominal Girth	71
9	Admission of the Child	74
10	Advance Directives	83
11	Aerosol Treatments	87
12	Airway Clearance Therapy	96
13	Animal-Assisted Therapy	102
14	Apnea Monitors	105
15	Bathing the Hospitalized Infant or Child	112
16	Bed and Crib Choices	120
17	Blood Drawing From Peripheral Sites: Heel Stick and Finger Stick	127
18	Blood Drawing From Peripheral Sites: Venipuncture	132
19	Blood Gas Sampling and Monitoring	138
20	Blood Glucose Monitoring	148
21	Blood Product Administration	155
22	Bone Marrow Aspiration	164
23	Breast Milk: Handling and Storage of Expressed Human Milk	170
24	Cardiopulmonary Monitoring	175
25	Cardiopulmonary Resuscitation for Healthcare Providers	180
26	Cast Care	197
27	Chemotherapy: Administration and Safe Handling	207
28	Chemotherapy: Management of Extravasation	214
29	Chest Tubes	219
30	Child Abuse Reporting and Documentation	230

31	Circumcision Care	237
32	Cooling Measures, Use of	241
33	Developmental Care of the Neonate	246
34	Diapering	253
35	Disaster Preparedness and Response	258
36	Ear Irrigation for Cerumen Impaction	265
37	Enemas	269
38	Enteral Tubes Placement and Management: Gastrostomy, PEG, Skin-Level Devices, and Jejunostomy	275
39	Enteral Feeding Tubes: Naso/Orogastric Placement and Management and Nasojejunal Management	287
40	Fall Prevention	296
41	Feeding, Enteral	301
42	Feeding, Infant: Breast-Feeding and Formula-Feeding	310
43	Growth Parameter Assessment	318
44	Hearing Screening	330
45	Hemodynamic Monitoring: Setup and Insertion for Arterial Pressure and Central Venous Pressure Monitoring	337
46	Hemodynamic Monitoring Maintenance: Arterial Pressure	343
47	Hemodynamic Monitoring Maintenance: Central Venous Pressure	347
48	Immunizations	352
49	Incentive Spirometry	356
50	Infection Control and Standard Precautions	360
51	Informed Consent	366
52	Intracranial Pressure Monitoring, Assisting in Placement and Care of	369
53	Intravascular Therapy: Peripheral Catheters	376
54	Intravascular Therapy: Peripheral Lock and Flush	384
55	Intravascular Therapy: Peripherally Inserted Central Catheters	389
56	Intravascular Therapy: Tunneled Access Device	397
57	Intravascular Therapy: Implanted Vascular Access Port	407
58	Intubation	421
59	Lumbar Puncture	429
60	Medication Administration: Endotracheal	435
61	Medication Administration: Enteral	439
62	Medication Administration: Intramuscular	445
63	Medication Administration: Intraosseous	453
64	Medication Administration: Intravenous	459
65	Medication Administration: Intravenous Cardiovascular	466

66	Medication Administration: Nasal	475
67	Medication Administration: Ophthalmic	479
68	Medication Administration: Oral	483
69	Medication Administration: Otic	488
70	Medication Administration: Rectal	491
71	Medication Administration: Subcutaneous	494
72	Medication Administration: Sublingual and Buccal	499
73	Medication Administration: Topical	502
74	Nasotracheal Suctioning	506
75	Newborn Care: Immediate Needs of the Stable Newborn	511
76	Newborn Care: Maintaining a Thermal Neutral Environment	521
77	Newborn Care: Newborn Screening	526
78	Oral Care	530
79	Ostomy Care	539
80	Oxygen Administration	546
81	Parenteral Nutrition and Intravenous Fat Emulsion Infusion	553
82	Patient Identification	558
83	Peak Flowmeters, Use of	560
84	Pediculosis (Lice) and Scabies Management	564
85	Phototherapy	571
86	Poison Management	578
87	Postanesthesia Care	587
88	Postmortem Care	595
89	Postural Screening	600
90	Potassium Infusion, Administration of	604
91	Preoperative Care	607
92	Procedures: General Guidelines	613
93	Prosthetic and Orthotic Devices	617
94	Pulse Oximetry	619
95	Range-of-Motion Exercises	625
96	Restraint and Seclusion	633
97	Safety Measures: Healthcare Facility	640
98	Sedation, Procedural	647
99	Seizure Precautions	653
100	Skeletal Pin Site Care	659
101	Toys: Distribution, Cleaning, and Storage	663
102	Tracheostomy: Stoma Care and Management	667

103	Tracheostomy: Suctioning	675
104	Tracheostomy: Tube Change	681
105	Traction Care	686
106	Transition Management: Discharging and Transferring the Child	694
107	Urinary Catheterization: Insertion and Removal of Indwelling Catheter	704
108	Urinary Catheterization: Management of Indwelling Catheter	714
109	Urinary Catheterization: Self-Intermittent Catheterization	718
110	Urine Collection: 24-Hour Specimen	723
111	Urine Collection: Clean Catch or Midstream	726
112	Urine Collection: Indwelling Catheter	730
113	Urine Collection: Routine Voided Urine Specimen	733
114	Urine Collection: Straight Catheter	739
115	Ventilators: Mechanical	746
116	Ventriculostomy Drain, Assisting in Placement and Care of	753
117	Vision Screening	758
118	Visitor Identification and Management	766
119	Vital Signs: Blood Pressure	769
120	Vital Signs: Heart Rate	776
121	Vital Signs: Pain Assessment	780
122	Vital Signs: Respiratory Rate	784
123	Vital Signs: Temperature	787
124	Warming Devices, Use of	795
125	Wound Care	801
Appendix A	Reference Ranges for Vital Sign Measurements	809
Appendix B	Internet References	814
