PART I Introduction to Gerontologic Nursing

1 Overview of Gerontologic Nursing, 2

Jennifer J. Yeager, PhD, RN, APRN

Foundations of the Specialty of Gerontologic

Nursing, 2

History and Evolution, 2

Professional Origins, 2

Standards of Practice, 3

Roles, 3

Terminology, 4

Demographic Profile of the Older Population, 5

The Older Population, 5

Highlights of the Profile of Older Americans, 6

Gender and Marital Status, 6

Race and Ethnicity, 6

Living Arrangements, 7

Geographic Distribution, 8

Education, 8

Income and Poverty, 8

Employment, 8

Health Status of Older Adults, 9

Self-Assessed Health and Chronic Disease, 9

Functional Status, 10

Health Care Expenditure and Use, 10

Implications for Health Care Delivery, 10

Acute Care Setting, 10

Nursing Facilities, 11

Home Care, 11

Continuum of Care, 12

Effect of an Aging Population on Gerontologic

Nursing, 12

Ageism, 12

Nursing Education, 12

Nursing Practice, 13

Nursing Research, 14

Summary, 16

2 Theories Related to Care of the Older Adult, 18

Jennifer J. Yeager, PhD, RN, APRN

Biologic Theories of Aging, 19

Mitochondrial Free Radical Theory, 19

Cross-Linkage Theory, 19

Hayflick Limit Theory, 20

Immunologic Theory, 20

Implications for Nursing, 21

Sociologic Theories of Aging, 22

Activity Theory, 22

Continuity Theory, 22

Age Stratification Theory, 22

Person-Environment Fit Theory, 23

Implications for Nursing, 23

Psychological Theories of Aging, 24

Maslow's Hierarchy of Human Needs, 24

Jung's Theory of Individualism, 25

Eight Stages of Life, 25

Selective Optimization With

Compensation, 26

Implications for Nursing, 26

Nursing Theories, 26

Theory of Successful Aging, 26

Health Promotion Model, 27

Comfort Theory, 27

Moral and Spiritual Development, 27

Summary, 29

3 Legal and Ethical Issues, 31

Carol Ann Amann, PhD, RN-BC, CDP, FNGNA

Professional Standards: Their Origin and Legal Significance, 32

Overview of Relevant Laws, 32

Sources of Law, 32

Health Insurance Portability and Accountability Act of 1996 (HIPAA), 32

Elder Abuse and Protective Services, 33

Medicare and Medicaid, 34

Nursing Facility Reform, 35

OBRA's Three Major Parts, 35

Proposed Legislative Changes, 39

Autonomy and Self-Determination, 40

Do Not Resuscitate Orders, 40

Advance Medical Directives, 41

Physician Orders for Life-Sustaining Treatment (POLST), 41

Legal Tools, 41

Decision Diagram, 43

Conflicts Between Directives and Family Desires, 44

The Patient Self-Determination Act, 45

Background: The Cruzan Case, 45

Clear and Convincing Proof, 45

The Four Significant Provisions of the PSDA, 45

Nurses' Responsibilities, 46

Problems and Ethical Dilemmas Associated With Implementation of the PSDA, 46

Values History, 47

Nurses' Ethical Code and End-of-Life Care, 47

Ethical Dilemmas and Considerations, 47

Experimentation and Research, 48

Organ Donation, 49

Ethics Committees, 49

Social Media, 50

Summary, 51

4 Assessment of the Older Adult, 54

Jennifer J. Yeager, PhD, RN, APRN

Special Considerations Affecting Assessment, 55

- Interrelationship Between Physical and Psychosocial Aspects of Aging*, 55
- Nature of Disease and Disability, and Their Effects on Functional Status*, 55
- Tailoring the Nursing Assessment to the Older Person*, 59
- The Health History**, 60
 - The Interviewer*, 60
 - The Patient*, 61
 - Electronic Health Records*, 62
 - The Health History Format*, 62
 - Approach to Physical Assessment*, 64
 - Equipment and Skills*, 65
- Additional Assessment Measures**, 65
 - Functional Status Assessment*, 65
 - Cognitive and Affective Assessment*, 67
 - Social Assessment*, 67
- Laboratory Data**, 69
- Summary**, 71

PART II Influences on Health and Illness

5 Cultural Influences, 76

Carol Ann Amann, PhD, RN-BC, CDP, FNGNA

Diversity of the Older Adult Population in the United States, 76

Culturally Sensitive Gerontologic

Nursing Care, 78

Awareness, 79

Knowledge, 79

Cultural Concepts, 79

Beliefs About Health and Illness, 82

Transcending Cultural Concepts, 84

Skills, 85

Handshake, 85

Eye Contact, 85

Interpreters, 85

Cultural Competence Frameworks, 86

Leininger, 86

The Explanatory Model, 86

The LEARN Model, 86

The ETHNIC Model, 87

Summary, 88

6 Family Influences, 90

Jennifer J. Yeager, PhD, RN, APRN

Role and Function of Families, 90

Common Late-Life Family Issues and

Decisions, 91

Changes in Living Arrangements, 92

Deciding About a Care Facility, 92

Financial and Legal Concerns, 93

End-of-Life Health Care Decisions, 94

The Issue of Driving, 95

Family Caregiving, 96

Interventions to Support Family

Caregivers, 98

Education, 98

Respite Programs, 100

Support Groups, 101

Family Meetings, 101

Working With Families of Older Adults:

Considerations and Strategies, 102

Identifying Who the Patient Is and Who the Family Is, 102

Assessing the Family, 103

Encouraging Families to Plan in Advance of Need, 104

Involving the Older Person in Decision Making, 107

Validating Feelings, 107

Addressing Feelings of Guilt, 107

Emphasizing Goodness of Intent of Actions, 108

Recognizing the Nurse's Role as Permission Giver, 108

Recommending a Decision-Making Model to Families, 109

Summary, 109

7 Socioeconomic and Environmental Influences, 112

Colleen Steinhauser, MSN, RN-BC, FNGNA

Socioeconomic Factors, 113

Age Cohorts, 113

Income Sources, 113

Poverty, 116

Education, 116

Health Status, 116

Insurance Coverage, 118

Support Systems, 119

Benefits, 120

Area Agencies on Aging, 120

Conservators and Guardians, 120

Environmental Influences, 121

Geographic Location of Residence, 122

Transportation, 122

Housing, 122

Criminal Victimization, 124

Advocacy, 126

Summary, 127

8 Health Promotion and Illness/Disability Prevention, 131

Ashley N. Davis, MSN, RN, PCCN

Essentials of Health Promotion for Aging Adults, 131

Terminology, 132

Models of Health Promotion, 133

Barriers to Health Promotion and Disease

Prevention, 133

Health Care Professionals' Barriers to Health

Promotion, 133

Older Adults' Barriers to Health Promotion, 133

Health Protection, 134

Disease Prevention, 134

Primary Preventive Measures, 134

Secondary Preventive Measures, 136

Tertiary Preventive Measures, 136

The Nurse's Role in Health Promotion and Disease

Prevention, 136

Requisite Knowledge, 136

- Assessment, 138
- Planning, 140
- Implementation, 140
- Evaluation, 141
- Supporting Empowerment of Older Adults, 141
- Summary, 141

PART III Influences on Quality of Life

9 Nutrition, 145

Neva L. Crogan, PhD, ARNP, GNP-BC, ACHPN, FAAN

- Introduction, 145
- Factors Influencing Nutritional Risk in Older Adults, 145
- Drug–Nutrient Interactions, 146
- Dehydration, 146
- Micronutrient Deficiency, 146
- Malnutrition, 147
- Oral Health, 148
- Nutritional Screening and Assessment, 148
 - Nutritional Screening, 148*
 - Nutritional Assessment, 150*
- Nursing Diagnoses Associated With Nutritional Problems, 153
- Evidence-Based Strategies to Improve Nutrition, 153
- Components of a Healthy Diet, 154
- Dysphagia, 155
- Specialized Nutritional Support, 155
- Summary, 156

10 Sleep and Activity, 159

Jennifer J. Yeager, PhD, RN, APRN

- Sleep and Older Adults, 159
 - Biologic Brain Functions Responsible for Sleep, 159*
 - Stages of Sleep, 159*
 - Sleep and Circadian Rhythm, 159*
 - Insomnia, 160*
 - Age-Related Changes in Sleep, 160*
 - Factors Affecting Sleep, 161*
 - Sleep Disorders and Conditions, 163*
 - Components of the Sleep History, 165*
 - Further Assessment of Sleep, 166*
 - Getting a Good Night's Sleep, 166*
- Activity and Older Adults, 168
 - Activities of Daily Living, 168*
 - Physical Exercise, 168*
 - Activity as Affected by Lifestyle Changes, 169*
 - Activity Affected by Alzheimer's Disease and Other Dementias, 170*
- Summary, 171

11 Safety, 174

Debra L. Sanders, PhD, RN, GCNS-BC, FNGNA

- Falls, 174
 - Overview and Magnitude of the Problem, 174*
 - Definition of Falling, 175*
 - Meaning of Falling to Older Adults, 176*

Normal Age-Related Changes Contributing to Falling, 176

Fall Risk, 177

Fall Antecedents and Fall Classification, 180

Fall Consequences, 181

Evaluation of Patients Who Fall, 182

Nursing Management of Falls, 186

Safety and the Home Environment, 187

Burn Injuries in the Home, 188

Other Injuries in the Home, 189

Foodborne Illnesses, 191

Seasonal Safety Issues, 191

Hypothermia and Hyperthermia in Older Adults, 191

Disasters, 193

Storage of Medications and Health Care Supplies in the Home, 193

Living Alone, 193

Automobile Safety, 193

Abuse and Neglect, 195

Firearms, 195

Summary, 196

12 Sexuality and Aging, 200

Jennifer J. Yeager, PhD, RN, APRN

- Older Adult Needs for Sexuality and Intimacy, 200
- The Importance of Intimacy Among Older Adults, 200
- Nursing's Reluctance to Manage the Sexuality of Older Adults, 201
- Normal Changes of The Aging Sexual Response, 202
 - Physiologic Changes, 202*
 - Genitourinary Syndrome of Menopause, 202*
- Pathologic Conditions Affecting Older Adults' Sexual Responses, 203
 - Illness, Surgery, and Medication, 203*
 - Human Immunodeficiency Virus, 203*
 - Malignancies, 203*
 - Dementia, 204*
- Environmental and Psychosocial Barriers to Sexual Practice, 205
- Lesbian, Gay, Bisexual, and Transgender Older Adults, 205
- Nursing Management, 205
- Summary, 211

13 Pain, 213

Joanne Alderman, MSN, APRN-CNS, RN-BC, FNGNA

- Understanding Pain, 214
 - Definition, 214*
 - Pain Classification, 214*
 - Scope of the Problem of Pain, 215*
 - Consequences of Unrelieved Pain, 215*
- Pathophysiology of Pain in Older Adults, 215
 - Perception of Pain in Older Adults, 216*
- Barriers to Effective Pain Management in Older Adults, 216
- Pain Assessment, 217
 - Pain Assessment and Culture, 219*
 - Pain Assessment Tools, 220*

- Nursing Care of Older Adults With Pain, 222
 - Pharmacologic Treatment, 222
 - Planning Pain Relief, 226
 - Summary, 226

14 Infection and Inflammation, 230

Jennifer J. Yeager, PhD, RN, APRN

- The Chain of Infection, 230
- Age-Related Changes in The Immune System, 231
- Factors Affecting Immunocompetence, 231
 - Nutritional Factors, 231
 - Psychosocial Factors, 232
 - Drugs, 232
 - Complementary and Alternative Medications, 232
- Common Problems and Conditions, 232
 - Influenza and Pneumonia, 232
 - Cancer, 233
 - Autoimmunity, 233
- Human Immunodeficiency Virus Infection in Older Adults, 234
- Significant Nosocomial Pathogens, 234
 - Clostridium difficile, 234
 - Vancomycin-Resistant Enterococcus, 234
 - Methicillin-Resistant Staphylococcus aureus, 234
- Nursing Management, 234
- Summary, 238

PART IV Diagnostic Studies and Pharmacologic Management

15 Laboratory and Diagnostic Tests, 242

Jennifer J. Yeager, PhD, RN, APRN

- Components of Hematologic Testing, 242
 - Red Blood Cells, 242
 - Hemoglobin, 244
 - Hematocrit, 244
 - White Blood Cells, 244
 - Folic Acid, 244
 - Vitamin B₁₂, 245
 - Total Iron Binding Capacity, 245
 - Iron, 245
 - Uric Acid, 245
 - Prothrombin Time, 245
 - Partial Thromboplastin Time, 246
 - D-dimer Test, 246
 - Erythrocyte Sedimentation Rate, 246
 - C-Reactive Protein, 246
 - Platelets, 246
- Components of Blood Chemistry Testing, 246
 - Electrolytes, 246
 - Amylase, 250
 - Total Protein, 250
 - Albumin and Prealbumin, 250
 - Blood Urea Nitrogen, 250

- Creatinine, 250*
- Creatinine Clearance, 250
- Triglycerides, 251
- Total Cholesterol, 251
- High-Density Lipoprotein, 251
- Low-Density Lipoprotein, 251
- Brain Natriuretic Peptide, 251
- Alkaline Phosphatase, 251
- Aspartate Aminotransferase, 251
- Creatine Kinase, 251
- Lactate Dehydrogenase, 251
- Troponin, 251
- Thyroid Function Tests, 252
- Prostate-Specific Antigen, 252
- Urinalysis, 252
 - Protein, 252
 - Glucose, 252
 - Bacteria, 252
 - Ketones, 253
 - pH, 253
 - Blood, 253
- Components of Arterial Blood Gas Testing, 253
 - Partial Pressure of Oxygen, 254
 - pH of the Blood, 254
 - Bicarbonate, 254
 - Oxygen Saturation, 254
- Therapeutic Drug Monitoring, 254
- Summary, 255

16 Drugs and Aging, 257

Jennifer J. Yeager, PhD, RN, APRN

- Overview of Drug Use and Problems, 257
 - Demographics of Drug Use, 257
 - Changes in Drug Response With Aging, 257
 - Pharmacodynamic Changes: What the Drug Does to the Body, 259
 - Drugs and Quality of Life, 259
 - Pharmacologic Contributors to Risk, 260
- Commonly Used Drugs, 264
 - Antipsychotics, 264
 - Anxiolytics and Hypnotics, 264
 - Antidepressants, 264
 - Cardiovascular Drugs, 265
 - Antimicrobials, 266
 - Nonprescription Agents, 266
 - Dietary Supplements, 266
- Drug Adherence, 267
 - Assessing for Risk Factors, 267
 - Strategies for Improving Adherence, 268
 - Reviewing the Drug List for Problems, 268
- Substance Use Disorders, 268
 - Definitions and Common Usage, 269
 - Difficulty in Identification of Substance Use Disorder, 269
 - Physiologic Changes, 269
 - Psychological Changes, 269
 - Sociologic Changes, 270

- Assessment, 270
 - Substance Use History, 270
 - Screening Tools, 270
- Nursing Diagnoses, 270
- Nursing Management, 271
- Commonly Misused Substances in Older Adults, 271
 - Alcohol, 271
 - Prescription Drugs, 273
 - Nicotine, 273
- Future Trends, 274
- Summary, 274

PART V Nursing Care of Physiologic and Psychologic Disorders

17 Integumentary Function, 279

Jennifer J. Yeager, PhD, RN, APRN

- Age-Related Changes in Skin Structure and Function, 279
- Common Problems and Conditions, 281
 - Benign Skin Growths, 281
 - Inflammatory Dermatoses, 281
 - Psoriasis, 282
 - Nursing Management, 283
 - Pruritus, 283
 - Nursing Management, 284
 - Candidiasis, 284
 - Nursing Management, 285
 - Herpes Zoster (Shingles), 285
 - Nursing Management, 286
- Premalignant Skin Growths: Actinic Keratosis, 287
 - Nursing Management, 288
- Malignant Skin Growths, 288
 - Basal Cell Carcinoma, 288
 - Squamous Cell Carcinoma, 288
 - Melanoma, 289
 - Nursing Management, 290
- Lower Extremity Ulcers, 290
 - Arterial Ulcers, 291
 - Venous Ulcers, 291
 - Diabetic Foot Lesions, 291
 - Nursing Management, 292
- Pressure Injuries, 292
 - Epidemiology of Pressure Injuries, 293
 - Etiology of Pressure Injuries, 293
 - Risk Assessment Tools, 295
 - Preventive Strategies, 297
 - Pressure Injury Management, 299
- Summary, 308

18 Sensory Function, 311

Beth Culross, PhD, RN, GCNS-BC, CRRN, FNGNA

- Vision, 311
 - Age-Related Changes in Structure and Function, 312
 - Common Complaints, 313

- Common Problems and Conditions, 313
 - Nursing Management of Glaucoma, 315
 - Nursing Management of Cataracts, 316
- Nursing Management of Retinal Disorders, 318
 - Nursing Management of Vision Impairment, 319
- Hearing and Balance, 321
 - Age-Related Changes in Structure and Function, 322
 - Common Problems and Conditions, 322
 - Nursing Management of Cerumen Impaction, 322
 - Nursing management of Tinnitus, 323
 - Nursing Management of Hearing Loss, 325
 - Nursing Management of Vertigo, 327
- Taste and Smell, 327
 - Age-Related Changes in Structure and Function, 327
 - Common Problems and Conditions, 328
 - Nursing Management of Xerostomia, 328
- Touch, 328
- Summary, 329

19 Cardiovascular Function, 331

Mary B. Winton, PhD, RN, ACANP-BC

- Age-Related Changes in Structure and Function, 331
 - Conduction System, 331
 - Vessels, 332
 - Response to Stress and Exercise, 332
- Common Cardiovascular Problems, 332
 - Risk Factors for Heart Disease, 332
 - Hypertension, 333
 - Nursing Management, 338
 - Coronary Artery Disease, 339
 - Nursing Management, 341
 - Arrhythmia, 343
 - Nursing Management, 344
 - Orthostatic Hypotension, 346
 - Nursing Management, 346
 - Syncope With Cardiac Causes, 347
 - Nursing Management, 347
 - Valvular Disease, 347
 - Nursing Management, 348
 - Heart Failure, 350
 - Nursing Management, 352
 - Peripheral Artery Disease, 353
 - Nursing Management, 355
 - Chronic Venous Insufficiency, 357
 - Nursing Management, 357
 - Anemia, 358
 - Nursing Management, 359
- Summary, 360

20 Respiratory Function in Aging, 364

Debra L. Sanders, PhD, RN, GCNS-BC

- Age-Related Changes in Structure and Function, 364
- Factors Affecting Lung Function, 366
 - Exercise and Immobility, 366
 - Smoking, 367
 - Obesity, 367
 - Anesthesia and Surgery, 368

- Respiratory Symptoms Common in Older Patients, 368
- Respiratory Alterations in Older Patients, 368
- Obstructive Pulmonary Disease, 369
 - Asthma*, 369
 - Nursing Management, 371
 - Chronic Bronchitis*, 372
 - Emphysema*, 373
 - Chronic Obstructive Pulmonary Disease*, 373
 - Nursing Management, 375
- Restrictive Pulmonary Disease, 379
 - Lung Carcinoma*, 379
 - Nursing Management, 380
 - Tuberculosis*, 381
 - Nursing Management, 382
 - Pneumonia*, 383
 - Nursing Management, 385
- Other Respiratory Alterations, 386
 - Severe Acute Respiratory Syndrome*, 386
 - Cardiogenic and Noncardiogenic Pulmonary Edema*, 387
 - Cardiogenic Pulmonary Edema*, 387
 - Noncardiogenic Pulmonary Edema: Adult Respiratory Distress Syndrome*, 387
 - Nursing Management, 388
 - Pulmonary Emboli*, 389
 - Nursing Management, 390
 - Obstructive Sleep Apnea*, 390
 - Nursing Management, 391
- Summary, 392

21 Gastrointestinal Function, 395

Jennifer J. Yeager, PhD, RN, APRN

- Age-Related Changes in Structure and Function, 395
 - Oral Cavity and Pharynx*, 395
 - Esophagus*, 396
 - Stomach*, 396
 - Small Intestine*, 396
 - Large Intestine*, 396
 - Gallbladder*, 397
 - Pancreas*, 397
 - Liver*, 397
- Prevention, 397
- Common Gastrointestinal Symptoms, 397
 - Nausea and Vomiting*, 397
 - Anorexia*, 398
 - Abdominal Pain*, 399
 - Gas*, 400
 - Diarrhea*, 400
 - Constipation*, 400
 - Fecal Incontinence*, 401
- Common Diseases of the Gastrointestinal Tract, 402
 - Gingivitis and Periodontitis*, 402
 - Nursing Management, 402
 - Dysphagia*, 403
 - Nursing Management, 403
 - Gastroesophageal Reflux and Esophagitis*, 404

- Nursing Management*, 404
- Vitamin B₁₂ Deficiency*, 405
 - Gastritis*, 405
 - Nursing Management, 405
 - Peptic Ulcer Disease*, 406
 - Nursing Management, 407
 - Enteritis*, 407
 - Nursing Management, 408
 - Intestinal Obstruction*, 408
 - Nursing Management, 409
 - Diverticula*, 410
 - Nursing Management, 411
 - Colon Polyps*, 412
 - Nursing Management, 412
 - Hemorrhoids*, 412
 - Nursing Management, 413
- Disorders of the Accessory Organs, 413
 - Cholelithiasis and Cholecystitis*, 413
 - Nursing Management, 413
 - Pancreatitis*, 414
 - Nursing Management, 414
 - Hepatitis*, 415
 - Nursing Management, 416
 - Cirrhosis Secondary to Alcohol Use Disorder*, 417
 - Nursing Management, 418
 - Drug-Induced Hepatitis*, 419
 - Nursing Management, 419
- Gastrointestinal Cancers, 419
 - Esophageal Cancer*, 419
 - Nursing Management, 420
 - Gastric Cancer*, 420
 - Nursing Management, 421
 - Colorectal Carcinoma*, 422
 - Nursing Management, 422
 - Pancreatic Cancer*, 423
 - Nursing Management, 423
 - Liver Cancer*, 424
- Summary, 424

22 Urinary Function, 427

Jennifer J. Yeager, PhD, RN, APRN

- Age-Related Changes in Structure and Function, 427
- Prevalence of Urinary Incontinence, 428
 - Myths and Attitudes*, 428
- Common Problems and Conditions, 428
 - Acute Incontinence*, 428
 - Chronic Incontinence*, 428
 - Nursing Management, 429
- Age-Related Renal Changes, 436
- Common Renal Problems and Conditions, 438
 - Acute Kidney Injury*, 438
 - Chronic Kidney Disease*, 438
 - Nursing Management, 440
 - Urinary Tract Infection*, 442
 - Nursing Management, 442
 - Bladder Cancer*, 443
 - Nursing Management, 443

- Benign Prostatic Hypertrophy*, 444
- Nursing Management, 444
- Prostate Cancer*, 445
- Nursing Management, 445
- Summary, 446

23 Musculoskeletal Function, 449

Laurie Kennedy-Malone, PhD, GNP-BC, FAANP, FGSA

- Age-Related Changes in Structure and Function, 449
- Common Problems and Conditions of the Musculoskeletal System, 451
 - Hip Fracture*, 451
 - Nursing Management, 452
 - Colles Fracture*, 454
 - Clavicular Fracture*, 455
 - Osteoarthritis*, 456
 - Nursing Management, 456
 - Spinal Stenosis*, 458
 - Nursing Management, 459
 - Rheumatoid Arthritis*, 459
 - Nursing Management, 460
 - Gouty Arthritis*, 463
 - Nursing Management, 463
 - Osteoporosis*, 464
 - Nursing Management, 467
 - Paget's Disease*, 468
 - Nursing Management, 468
 - Osteomyelitis*, 469
 - Nursing Management, 469
 - Amputation*, 470
 - Nursing Management, 470
 - Polymyalgia Rheumatica*, 472
 - Nursing Management, 472
- Foot problems, 474
 - Corns*, 474
 - Calluses*, 474
 - Bunions*, 474
 - Hammertoe*, 474
 - Nail Disorders*, 475
 - Patient Education*, 475
- Muscle Cramps, 475
- Summary, 475

24 Cognitive and Neurologic Function, 479

Jennifer J. Yeager, PhD, RN, APRN

- Structural Age-Related Changes of the Neurologic System, 479
 - Cellular and Structural Changes*, 480
 - Cerebrospinal Fluid and Ventricular System*, 480
- Assessment of Cognitive Function, 484
 - Selected Cognitive Function Screening Instruments*, 484
 - Cognitive Function and Memory in Typical Aging*, 485
- Cognitive Disorders Associated With Altered Thought Processes, 485
 - Depression*, 485
 - Delirium*, 486

- Dementia*, 487
- Alzheimer Disease*, 487

Nursing Management, 490

- Vascular Dementia*, 490
- Lewy Body Dementia*, 490
- Frontotemporal Dementia*, 491
- Other Dementia-Related Diseases*, 491

Diagnostic Assessment of Cognitive Disorders, 492

- Examination*, 492
- Diagnostic Studies*, 492
- Laboratory Studies*, 492
- DSM-5 Criteria*, 492

Treatment of Behavioral and Psychological

- Symptoms of Dementia*, 493
- Nonpharmacological Measures*, 493
- Pharmacotherapy*, 493
- Nursing Management*, 494

Challenges in the Care of Older Adults With

- Cognitive Disorders*, 499
- Sundown Syndrome*, 499
- Wandering*, 500
- Paranoia or Suspiciousness*, 500
- Hallucinations and Delusions*, 500
- Catastrophic Reactions*, 500
- Resources*, 500

Other Common Problems and Conditions, 501

- Suicide*, 501
- Nursing Management, 502
- Parkinson's Disease*, 503
- Nursing Management, 504
- Cerebrovascular Accident*, 506

Nursing Management, 508

- Anxiety*, 509
- Nursing Management, 509
- Schizophrenia*, 510
- Nursing Management, 510
- Delusional Disorders*, 511
- Intellectual Disability*, 511

Nursing Management, 511

Drug Management, 512

- Psychotropic Drugs*, 512
- Side Effects*, 514
- Other Psychoactive Drugs Used in Older Adults*, 514

Mental Health Care Resources, 515

- Human Resources*, 515
- Physical Resources*, 515

Trends and Needs, 515

Summary, 516

25 Endocrine Function, 521

Mary B. Winton, PhD, RN, ACANP-BC

Endocrine Physiology in Older Adults, 521

- Andropause and Menopause*, 523
- Adrenopause*, 524
- Somatopause*, 524

Common Endocrine Pathophysiology in Older Adults, 524

- Metabolic Syndrome–Diabetes Continuum*, 524
- Type 2 Diabetes Mellitus*, 526

PART VI Health Care Transitions

26 Health Care Delivery Settings and Older Adults, 544

Linda Bub, MSN, RN, GCNS-BC

- Characteristics of Older Adults in Acute Care, 544
- Characteristics of the Acute Care Environment, 545
 - Philosophy of Care*, 545
 - Risks of Hospitalization*, 545
 - Safety Features*, 546
- Nursing in the Acute Care Setting, 546
 - Nursing-Specific Competency and Expertise*, 547
 - Critical Care and Trauma Care*, 547
- Home Care and Hospice, 548
- Factors Affecting the Health Care Needs of Noninstitutionalized Older Adults, 549
 - Functional Status*, 549
 - Cognitive Function*, 549
 - Housing Options for Older Adults*, 549
- Community-Based Services, 550
 - Use of Community- and Home-Based Services by Older Adults*, 550
 - Profile of Community- and Home-Based Services*, 551
- Home Health Care, 553
 - Home Health Agency*, 553
 - Proprietary Agencies*, 553
 - Facility-Based Agencies*, 553
 - Visiting Nurse Associations*, 554
 - Benefits of Home Care*, 554
- Continuity of Care, 554
 - Role of the Home Care Agency*, 555
- Implementing the Plan of Treatment, 555
 - The Nurse's Role*, 555
 - Role of the Home Health Aide*, 556
- OASIS, 556
- Hospice, 556
 - Hospice Philosophy*, 557
- Overview of Long-Term Care, 558
 - Definition*, 558
 - Factors Associated With Institutionalization*, 558
 - Medical and Psychosocial Models of Care*, 559
- Clinical Aspects of the Nursing Facility, 559
 - Resident Rights*, 559

- Resident Assessment*, 560
- Skin Care*, 561
- Incontinence*, 562
- Nutrition*, 562
- Medications*, 563
- Rehabilitation*, 563
- Infection Control*, 564
- Mental Health*, 564
- End-of-Life Care*, 565

Management Aspects of the Nursing Facility, 565

- The Nursing Department*, 565
- Nursing Care Delivery Systems*, 565
- Specialty Care Settings, 566
 - Assisted Living Programs*, 566
 - Special Care Units*, 566
 - Subacute Care*, 566

Innovations in the Nursing Facility, 567

- Creativity in "Everyday" Nursing Facilities*, 567
- Nurse Practitioners in the Nursing Facility*, 567
- The Future of the Nursing Facility, 567
 - Summary, 568

27 Chronic Illness and Rehabilitation, 572

Beth Culross, PhD, RN, GCNS-BC, CRRN, FNGNA

- Chronicity, 572
 - Prevalence of Chronic Illness*, 573
 - Cultural Competency*, 574
 - Quality of Life and Health-Related Quality of Life*, 575
 - Adherence in Chronic Illness*, 575
 - Psychosocial Needs of Older Adults With Chronic Illness*, 576
 - Physiologic Needs of Chronically Ill Older Adults*, 578
 - Effect of Chronic Illness on Family and Caregivers*, 579
 - Nursing Implications of Caregiver Stress*, 579
- Rehabilitation, 580
 - Care Environments*, 580
 - Reimbursement Issues*, 580
 - Public Policy and Legislation*, 580
 - Enhancement of Fitness and Function*, 581
 - Functional Assessment*, 581
 - Keys for Completing a Functional Assessment*, 581
 - Health Promotion*, 581
 - Management of Disabling Disorders*, 582
 - Life Issues*, 582
 - Nursing Strategies*, 583
- Summary, 583

28 Cancer, 586

Jennifer J. Yeager, PhD, RN, APRN

- Incidence, 586
 - Racial and Ethnic Patterns*, 587
- Aging and Its Relationship to Cancer, 588
 - Aging and Cancer Prevention*, 590
- Common Malignancies in Older Adults, 590

- Lung Cancer*, 590
- Breast Cancer*, 590
- Prostate Cancer*, 592
- Colorectal Cancer*, 593
