Childbearing Families, & Newborns*

September 2020  
Volume 49 • Number 5

## EDITORIAL

Sex-Based Vaccine Response in the  
Context of COVID-19

Clinician Opinions and Approaches  
to Manage Risk Related to Safe Sleep  
During Skin-to-Skin Care

## CRITICAL COMMENTARIES

Promotion of Maternal–Infant Mental  
Health and Trauma-Informed Care During  
the COVID-19 Pandemic

Attitudes of California Registered Nurses  
About Abortion

Research Recommendations on the  
Effects of Postpartum Depression and  
Pain on Infant Care and Development

## SPECIAL REPORT

Current Resources for Evidence-Based  
Practice, September 2020

## REVIEW

Scoping Review of the Prenatal Diagnosis  
of Agenesis of the Corpus Callosum

## AWHONN PRACTICE BRIEF

Prevention of Newborn Falls/Drops in  
the Hospital: AWHONN Practice Brief  
Number 9

## RESEARCH

Relationships Among Factors Related to  
Childbirth and Breastfeeding Outcomes in  
Primiparous Women

## ONLINE SUPPLEMENT

Effect of Fathers' Presence and  
Involvement in Newborn Care in the NICU  
on Mothers' Symptoms of Postpartum  
Depression

## AWHONN PRACTICE MONOGRAPH

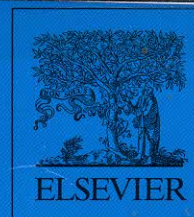

Cervical Ripening and Labor Induction  
and Augmentation, 5th Edition

## EDITORIAL

### 405 Sex-Based Vaccine Response in the Context of COVID-19

The Associate Editor describes sex-based response to vaccines.

*Patricia Robin McCartney*

## CRITICAL COMMENTARIES

### 409 Promotion of Maternal–Infant Mental Health and Trauma-Informed Care During the COVID-19 Pandemic

A trauma-informed approach to maternity care in practice, policy, and research is essential to support maternal and infant mental health during the COVID-19 pandemic.

*Kristen R. Choi, Kathryn Records, Lisa Kane Low, Jeanne L. Alhusen, Carole Kenner, Joan Rosen Bloch, Shahirose Sadrudin Premji, Jean Hannan, Cindy M. Anderson, Seonae Yeo, and M. Cynthia Logsdon*

### 416 Research Recommendations on the Effects of Postpartum Depression and Pain on Infant Care and Development

This commentary addresses the need to systematically examine the implications of postpartum depression and pain on infant care and development and offers recommendations for research.

*Sandraluz Lara-Cinisomo and Tanitoluwa Demilade Akinbode*

## REVIEW

### 423 Scoping Review of the Prenatal Diagnosis of Agenesis of the Corpus Callosum

Inconsistent terminology heightens the ambiguity of a prenatal diagnosis of agenesis of the corpus callosum, and limited evidence exists with which to guide nursing practice.

*Pieta Shakes, Andrew Cashin, and John Hurley*

## RESEARCH

### 437 Relationships Among Factors Related to Childbirth and Breastfeeding Outcomes in Primiparous Women

Induction of labor with oxytocin should be used judiciously; when used, nurses must be hypervigilant for breastfeeding issues and intervene to prevent or remediate them.

*Janet Bryanton, William Montelpare, Patrice Drake, Rosemary Drake, Donna Walsh, and Kathy Larter*

### 452 Effect of Fathers' Presence and Involvement in Newborn Care in the NICU on Mothers' Symptoms of Postpartum Depression

Fathers' involvement in the care of their newborns in the NICU is important when considering ways to reduce symptoms of postpartum depression among mothers.

*Theresa H. M. Kim, Alannah Delahunty-Pike, and Marsha Campbell-Yeo*

### 464 Clinician Opinions and Approaches to Manage Risk Related to Safe Sleep During Skin-to-Skin Care

Adoption of a risk-controlled approach to parent sleep during skin-to-skin care may help hospitals overcome safety barriers that limit full implementation of this evidence-based intervention.

*Ashley Weber, Mason Elder, Kristin C. Voos, Joshua W. Lambert, Heather C. Kaplan, and Yamile C. Jackson*

### 475 Attitudes of California Registered Nurses About Abortion

Understanding nurses' attitudes and beliefs about abortion care is essential for the provision of quality reproductive health services and has implications for workforce development.

*Alicia Swartz, Thomas J. Hoffmann, Elizabeth Cretti, Candace W. Burton, Meghan Eagen-Torkko, Amy J. Levi, E. Angel Aztlan, and Monica R. McLemore*
