Original Articles

20 An Introduction to Parental Alienation Syndrome

Divorced parents sometimes use their children as weapons in parental warfare. Knowing the dynamics of PAS can help you identify families in need of treatment.
Michelle M. Farkas

28 Young-Onset Dementia: A Review of the Literature and What It Means for Clinicians

Learn the coinciding psychosocial issues that may affect your middle-aged patients living with early-onset dementia.
Debra Collins Hunt

34 Don't Just Do Something, Stand There: Responding to Unrelieved Patient Suffering

It is common for nurses to feel impotent while caring for a patient in pain. Read how one expert nurse responded to a resistant patient dying of pancreatic cancer.
Diane Dettmore and Louise Carmen Gabriele
