- 19** Clip & Save: Drug Chart  
Bipolar Disorders
- 21** Pimavanserin: An Inverse  
Agonist Antipsychotic Drug  
*Robert H. Howland*

## Original Articles

- 30** Heroin Use  
Psychiatric providers must be informed and educated in the treatment of the physical and psychological sequelae of this rising epidemic.  
*Deborah A. Salani, Martin Zdanowicz, and Laly Joseph*
- 38** Working With Children in Families With Parental Substance Abuse: Nurses' Experiences and Complexity in Relationships  
Preventive work and intervention in dysfunctional families may have direct consequences on children's present and future development and well-being.  
*Rebecca Wallström, Renée Ståleborg Persson, and Martin Salzman-Erikson*
- 45** Effect of Short-Term Separation on the Behavioral Health of Military Wives  
A 3-month separation for scheduled training resulted in no change in depression, resiliency, stress, and relationship satisfaction scores for military wives, possibly due to frequency of contact.  
*Pedro N. Oblea, Jr., Terry A. Badger, and Denise L. Hopkins-Chadwick*
