FEATURE ARTICLES

21 Addressing the Health Risks of Climate Change in Older Adults

Gerontological nurses are in an important position to lessen the harm of climate change in older adults through practice, research, and policy.

Ruth McDermott-Levy, PhD, MPH, RN; Ann Marie Kolanowski, PhD, RN, FAAN; Donna Marie Fick, PhD, RN, FGSA, FAAN; and Michael E. Mann, PhD

30 Perceptions of Mobile Technology for Heart Failure Education and Self-Management Among Middle-Aged and Older Adults

In this study, 78% of participants believed technology could help with heart failure management, and 70% indicated willingness to use such technology.

Valerie P. Tarte, DNP, MSN, RN; and Karen A. Amirehsani, PhD, FNP-BC

39 Examining the Impact of Board-Certified Registered Nurses in Skilled Nursing Facilities Using National and State Quality and Clinical Indicators

Employing RNs with intentional, specialized training was found to be related to better facility-level quality ratings and clinical outcomes.

Heidi Keeler, PhD, RN; Rosa R. Baier, MPH; Cyrus Kosar, MA; Beth Culross, PhD, RN, GCNS-BC; and Mary E. Cramer, PhD, RN, FAAN
