30 A balancing act: Achieving glycemic control in hospitalized patients

By Beata Kubacka, MSN, RN, CDN, RD

At any given time, up to 25% of hospitalized patients have diabetes or some degree of hyperglycemia. Get up to speed on managing hyperglycemia in all hospitalized patients by reviewing the latest evidence-based guidelines on blood glucose monitoring and interventions.

40 Chest X-ray interpretation: Not just black and white

By William Pezzotti, MSN, RN, ACNP-BC, CEN

Is your patient's chest X-ray unremarkable, or does it show a life-threatening abnormality? Use this article to gain a basic understanding of chest X-ray interpretation to sharpen your assessment skills, promote patient safety, and optimize care.

39 PATIENT EDUCATION SERIES

Flu vaccines

Teach your patients how they can protect themselves from influenza, then give them this handout to take home.

49 SHARING

When nurses become the students

By Charlotte Davis, BSN, RN, CCRN, and Rosemary Wells, RN, GEC

A patient recovering from a stroke gives her nurses a new perspective on patient care.

51 How to meet the challenges of correctional nursing

By Tommy Williams, RN, and Elizabeth Heavey, PhD, RN, CNM

A practicing correctional nurse gives you an inside look at the challenges and rewards of this unique nursing specialty.

58 Preventing migraine headache in adults

By Yvonne D'Arcy, MS, CRNP, CNS

For a heads-up about thwarting these disabling headaches, review the latest recommendations for migraine prophylaxis—including a summary of the evidence on drugs and other treatments that have (and haven't) proven effective.

Nursing2014 (ISSN 0360-4039; online ISSN 1538-8689) is published monthly by Lippincott Williams & Wilkins at 16522 Hunters Green Parkway, Hagerstown, MD 21740-2116, with editorial and advertising headquarters at Two Commerce Square, 2001 Market Street, Philadelphia, PA 19103.
