**Our mission at Nursing2016**  
is to improve nursing practice by providing  
evidence-based practical information with a  
reader-friendly approach.

## features

### CE CONNECTION

For immediate CE test processing, see our website  
at [www.nursingcenter.com/CEconnection](http://www.nursingcenter.com/CEconnection).

#### 34 New drugs 2016, part 3

By Daniel A. Hussar, PhD

Learn about 23 drugs recently approved by the FDA, including one to treat irritable bowel syndrome characterized by diarrhea, an antiemetic to prevent delayed nausea and vomiting associated with cancer chemotherapy, and 14 new antineoplastic drugs.

#### Oncology Emergency Series

#### 44 Understanding spinal cord compression

By Roberta Kaplow, PhD, APRN-CCNS, AOCNS, CCRN, and Karen Iyere, MSN, RN

A life-threatening complication of primary and metastatic cancer, spinal cord compression can significantly diminish a patient's quality of life. This article, the first of a three-part series on oncology emergencies, describes the diagnosis, treatment, and nursing care for patients with the complication.

#### 28 Lead poisoning: When an entire community is exposed

By Elizabeth Heavey, PhD, RN, CNM

A change in water supply in Flint, Michigan, that caused high levels of lead in tapwater is just one well-publicized example of this ongoing threat. Find out how to pinpoint lead exposure in your community, implement appropriate screening and interventions, and identify racial and economic disparities that affect a patient's risk.

#### 54 SHARING Finding time for Rose

By Peggy Trent, DNP, MSN, RN

A nurse wrestles with a busy schedule, high-acuity patients, and tough ethical choices as she tries to give a dying patient her full attention.

#### 57 Preventing perioperative hypothermia

By Jenice Rightmyer, MSN, RN, ACNP-BC, CCM, CCRN, and  
Kai Singbartl, MD, MPH, FCCM

A nurse-led interdisciplinary approach can help maintain perioperative normothermia, improving the patient's surgical experience and decreasing the risk of postoperative complications.

#### 61 NEW HORIZONS Behavioral health: A natural nursing fit

By Maryann E. Robinson, PhD, RN

Explore synergies between nursing and behavioral health, then consider how to incorporate behavioral health into nursing practice and policy.
