Cover Story

Just Ask? 12

A bold request for a simulation mannequin creates a new paradigm in clinical partnerships between Robert Wood Johnson Hospital Hamilton, Hamilton, NJ, and Mercer County Community College, West Windsor, NJ. Above, Cheryl Prall, MSN, RN, manager of education in the Center for Training and Development at RWJ Hamilton, took the bold action of asking MCCC if they would fund a simulator. On the cover (from left), Czarina Edrosa, RN and Jay Castillo, RN, put the simulator through its paces under the direction of educator Tara Heagele, BSN, RN, PCCN, EMT-B. *photos by Jay Wiley*

Coming Dec. 13

Mercy LIFE, a PACE-inspired program that cares for approximately 350 seniors in Philadelphia, just opened a brand new facility.

Feature

Post Acute/Rehab Extra! PTSD in Rehab Settings 14

While widely associated with combat injuries, many other traumatic events can trigger reactive stress symptoms. Nurses in the post-acute and rehabilitation settings need to recognize the signs.
