218 Identification of Mothers at Risk for Postpartum Depression by Hospital-Based Perinatal Nurses

CE

This paper provides guidelines and suggests best practices for hospital-based perinatal nurses related to identifying postpartum depression.

M. Cynthia Logsdon, PhD, APRN, FAAN, Roselyn Tomasulo, MSN, RNC, Diane Eckert, BSN, RNC, Cheryl Beck, DNSc, CNM, FAAN, and Cindy Lee Dennis, PhD

228 Implementing Baby-Friendly Practices: Strategies for Success

CE

Learn about this community hospital's journey to become designated as Baby Friendly.

Pat Bohling Smith, MS, RNC, Karen Moore, MSN, RNC, IBCLC, and Liz Peters, BSN, RNC, CLC

236 Breastfeeding Considerations of Opioid Dependent Mothers and Infants

What are the benefits of promoting breastfeeding among opioid addicted women?

Tara C. Hilton, MSN, RN, CRNP, IBCLC

Cover Photo: Laurent/Ravonison / BSIP / age Fotostock

241 The Life-Changing Impact of Peripartum Cardiomyopathy: An Analysis of Online Postings

Online support group members exchange information and offer support and advice on peripartum cardiomyopathy, a life-threatening, life-changing condition.

Rosanna Formanek Hess, DNP, and Jo Ann D. Weinland, MSN, ACNS-BC

247 A Meta-Synthesis Related to Infant Feeding Decision Making

To promote breastfeeding and increase the effectiveness of support interventions with new mothers, nurses need to first understand maternal infant feeding decision making.

Antonia M. Nelson, RNC, PhD, IBCLC

253 Childbearing Depression and Childhood Aggression: Literature Review

The current literature suggests childbearing depression increases the likelihood of childhood aggression in early childhood.

Katherine Hendricks, BSN, RN, and Jianghong Liu, PhD, FAAN

262 Racial Differences in the Health of Childbearing-Aged Women

Dismayed by high rates of preterm birth in the United States, this secondary analysis of NHANES data explores the preconceptional health status of White, African American, and Mexican American women and provides concise clinical implications for practitioners.

Megan W. Arbour, PhD, CNM, Elizabeth J. Corwin, PhD, FNP, Pamela J. Salsberry, PhD, RN, and Marsha Atkins, ND, CNM

215 GUEST EDITORIAL

Change

There is much progress to celebrate in women's health, but many women still suffer from the effects of gender discrimination and inequality.

Deborah McCarter-Spaulling, PhD, RN

216 SECOND OPINION

Should Families Be Present During Pediatric Resuscitation?

Do you think family members should be present during the resuscitation of their child?

Coordinated by Judy Beal, DNSc, PNP, RN
Debaters: Jonathan W. Decker, PhD, ARNP, FNP-BC, and Linda M. Gibson-Young, PhD, ARNP, FNP-BC

271 NUTRITION FOR THE FAMILY

Supplements: And the Verdict Is?

There is conflicting evidence on the effects of supplement use.

Karen H. Morin, DSN, RN, ANEF, FAAN

273 HEALTH INFORMATION TECHNOLOGY

Unintended Consequences of Health Information Technology

A comprehensive and cooperative approach is needed to anticipate, identify, and manage unintended consequences from health information technology.

Patricia Robin McCartney, PhD, RN, FAAN

275 GLOBAL HEALTH AND NURSING

Childbearing Women and Intimate Partner Violence

Nurses should work toward the creation of a global social environment that promotes gender equity and reduces violence against childbearing women.

Lynn Clark Callister, PhD, RN, FAAN

276 TOWARD EVIDENCE-BASED PRACTICE

Experts suggest how 6 research articles can be used in nursing practice.

Judith A. Lewis, PhD, RN, WHNP-BC, FAAN, and Sigridur Sia Jonsdottir, MS, RN, CNM, IBCLC

280 PERINATAL PATIENT SAFETY

Standardizing Methods to Determine Nurse Staffing for Perinatal Units

This model is a first step in standardizing the method for determining nursing hours needed for adequate staffing of perinatal units.

Kathleen Rice Simpson, PhD, RN, FAAN

MCN AWARDS

The **MCN Practice Article of the Year** and the **MCN Research Article of the Year** are chosen by a distinguished panel of experts, and designate these articles as having outstanding scholarly attributes as well as clear applicability to clinical nursing practice. Each year, award winners will be notified in January and listed in the January/February issue of *MCN*. See the *MCN* Web site for a list of all winners.

MCN Information for Authors is available at www.mcnjournal.com, click on Journal Info.

When citing an article from this Journal in your CV or in a reference list, please use the Journal's complete name every time: "MCN, The American Journal of Maternal Child Nursing"
